Welcome to the International Cannabis Cultivation Questionnaire (ICCQ 2.0) 2020!

Background

We launched the first wave of this survey back in 2012 (the ICCQ 1.0) as we felt the general public typically had a very unrealistic view of people who grow cannabis. Thanks to the contribution of over 6500 growers around the world, our researchers were able to publish more than 18 scientific papers which have helped challenge stereotypes of cannabis growers. Please see our website for more details. We're back in 2020 with an even better survey (the ICCQ 2.0), available in more countries and languages, and better tailored to what's happening around the world now. Please help us continue to set the record straight by taking part.

About the survey

The ICCQ is designed to study patterns of small-scale cannabis cultivation (excluding hemp for fibre, food, industrial applications and bird seed). The questionnaire should take no more than about 25 minutes to complete. Who is conducting this research? The ICCQ was developed by members of the Global Cannabis Cultivation Research Consortium (GCCRC), which is comprised of researchers from around the world interested in better understanding domestic cannabis cultivation. For more information on the activities of the GCCRC, please visit our website: www.worldwideweed.nl/.

What happens if I decide to take part? Your participation is completely voluntary. If you click the "Begin survey" button, we will assume that you agree to start the survey. To exit the survey, just close your browser, however, any data you have already provided cannot be removed from the survey in order to maintain your anonymity. You can also decide to skip specific questions.

What are the risks to me?

Your involvement is completely anonymous. No identifying information or IP addresses will be collected that could be used to link you to the data you submit. However, for extra privacy, we encourage you to complete the questionnaire using a device you own, not one owned by your employer, school or university. We also encourage you not to complete the questionnaire

on a workplace, school or university internet network to avoid the risk of anyone tracking your browser activity (i.e. seeing websites you visit). For even greater privacy (e.g. so your ISP cannot track your browser history), you may want to consider using a VPN or an anonymizer. However, unfortunately Tor Browser is currently not compatible with the survey platform (Qualtrics); this may also be the case for other anonymous browsers. The electronic data will be stored securely at Curtin University (Perth, Australia) for at least 7 years. However, again, the data you provide cannot be linked to you.

What are the benefits to me?
There is no financial reward for participating in this project. While there may be no direct benefit to you, your participation will contribute to a larger body of knowledge that will improve our collective understanding of small-scale cannabis cultivation. International collaboration will also allow us to compare growers across different countries. We will share our results with you via the project website.

What will happen with the results?
We will present the results at conferences and in academic papers. Quantitative data will only be presented in aggregate form. In the case of qualitative data, any unsolicited identifying information that you provide in text boxes, such as names of individuals, groups, places or events, will be removed from the data in order to maintain your anonymity.

While the results of our previous data collection have been used in the past to advocate for cannabis growers, it is possible the results could also be used in the future to inform the activity of commercial entities and government agencies to inform policy decisions on a range of issues including law enforcement. Of course, individual responses are kept anonymous and nothing is included in our scientific papers and reports which could identify individuals. Even beyond this, every effort is made to collect the data, report on and disseminate the findings of the research in a way which is respectful of the interests of cannabis growers. Yet, like any research, once the overall results of the study are publicly available they can be used by others to support a variety of positions, some of which may be in agreement with, and others may be contrary to, the views of the researchers or the research participants.

Further questions?
If you have any questions about the research, you can ask them here: https://worldwideweed.nl/contact-us/.

Curtin University Human Research Ethics Committee (HREC) has approved this study (HREC number: HRE2019-0542). Should you wish to discuss the study with someone not directly involved, in particular, any matters concerning the conduct of the study or your rights as a participant, or you wish to make a confidential complaint, you may contact the Ethics Officer on +61 8 9266 9223 or the Manager, Research Integrity on +61 8 9266 7093 or email hrec@curtin.edu.au

By clicking 'Begin survey!', I confirm that: I have read the above information and I understand its

contents. I have been given details to ask any questions I may have relating to this study. I understand that I can print this information page to keep as my personal copy. I voluntarily consent to take part in this research project. I understand that I can exit the survey anytime by closing my browser. I understand that no identifying information will be collected, including IP addresses.

If CountryURL = belgium

PICF. Belgium Informatie- en toestemmingsformulier (België). Van harte welkom bij ICCQ 2.0, een internationaal onderzoek naar cannabisteelt!

Achtergrondinformatie

In 2012 lanceerden wij voor de eerste keer een survey (de ICCQ 1.0) omdat we vonden dat het grote publiek doorgaans een zeer onrealistisch beeld heeft over mensen die cannabis kweken. Dankzij de bijdrage van meer dan 6.500 kwekers over de hele wereld konden onze onderzoekers meer dan 18 wetenschappelijke papers publiceren, die bijdroegen aan de ontkrachting van stereotype ideeën over cannabistelers. Consulteer onze website (www.worldwideweed.nl) voor meer informatie over onze publicaties. We zijn terug in 2020 met een nog betere vragenlijst (de ICCQ 2.0). Deze enquête wordt afgenomen in nog meer landen en meer talen, en is beter afgestemd op wat er momenteel in de wereld gebeurt. Help ons verder een accuraat beeld te schetsen en neem deel aan deze studie.

Over de enquête

De ICCQ is ontworpen om patronen van kleinschalige cannabisteelt te bestuderen (de enquête gaat niét over vezelhennep, hennep in voeding, hennep voor industriële toepassingen en vogelzaad). Het invullen van de vragenlijst neemt hooguit 25 minuten van uw tijd in beslag. Wie voert dit onderzoek uit?

De ICCQ is ontwikkeld door leden van het Global Cannabis Cultivation Research Consortium (GCCRC), dat bestaat uit onderzoekers van over de hele wereld die geïnteresseerd zijn in een beter begrip van de binnenlandse cannabisteelt. Voor meer informatie over de activiteiten van het GCCRC kunt u terecht op onze website (www.worldwideweed.nl).

Wat gebeurt er als ik besluit deel te nemen?

Uw deelname aan de studie is volledig vrijwillig. Als u op de knop "Enquête starten" klikt, gaan we ervan uit dat u akkoord gaat met het starten van de enquête. Om de enquête af te sluiten, sluit u gewoon uw browser. Gegevens die u al hebt ingegeven, kunnen niet uit de enquête worden verwijderd om uw anonimiteit te behouden. U kunt ook beslissen om specifieke vragen over te slaan.

Welke risico's zijn eraan verbonden?

Uw deelname is volledig anoniem. Er worden geen identificatiegegevens of IP-adressen verzameld die kunnen worden gebruikt om u te koppelen aan de gegevens die u indient. Om extra privacyredenen raden wij u echter aan om de vragenlijst in te vullen met uw eigen apparaat en niet met een apparaat dat eigendom is van uw werkgever, school of universiteit. We raden u ook aan de vragenlijst niet in te vullen via een internetnetwerk van uw werkplek, school of universiteit om het risico te vermijden dat iemand uw browseractiviteit volgt (d.w.z. ziet welke websites u bezoekt). Indien u nog meer privacy wenst (zodat uw ISP uw browsergeschiedenis niet kan volgen), kunt u overwegen anoniem te surfen, door bijvoorbeeld Tor of een VPN-verbinding te gebruiken. De elektronische gegevens worden veilig opgeslagen bij de Universiteit Gent voor minimaal 7 jaar. Ook hier geldt echter dat de door u verstrekte gegevens niet aan uw identiteit kunnen worden gekoppeld.

Welke voordelen zijn eraan verbonden voor mij?

Er is geen financiële beloning voor deelname aan dit project. Hoewel er misschien geen direct voordeel voor u aan verbonden is, zal uw deelname bijdragen aan het vergroten van de kennis die ons collectief inzicht van de kleinschalige cannabiskweek zal verbeteren. Door internationale samenwerking kunnen we ook kwekers in verschillende landen met elkaar vergelijken. We zullen onze resultaten dan ook met u delen via de website van het project (www.worldwideweed.nl).

Wat gebeurt er met de resultaten?

We zullen de resultaten presenteren op conferenties en in wetenschappelijke publicaties. Kwantitatieve gegevens worden alleen in geaggregeerde (samengevoegde) vorm gepresenteerd. Bij kwalitatieve informatie worden alle ongevraagde identificerende gegevens die u in tekstvakken invoert, zoals namen van personen, groepen, plaatsen of gebeurtenissen, uit de database verwijderd, zodat we u en eventuele anderen anonimiteit kunnen garanderen.

Hoewel de resultaten van onze eerdere gegevensverzameling in het verleden zijn gebruikt om een stem te geven aan de visies en belangen van cannabiskwekers, is het mogelijk dat de resultaten in de toekomst ook worden gebruikt voor de activiteiten van commerciële entiteiten en om overheidsinstellingen te informeren over beleidsbeslissingen, waaronder wetshandhaving. Het spreekt voor zich dat individuele antwoorden anoniem worden gehouden. Bovendien wordt er niets in onze wetenschappelijke documenten en rapporten opgenomen dat individuen zou kunnen identificeren. Ook daarbuiten wordt alles in het werk gesteld om de gegevens te verzamelen, verslag uit te brengen en de bevindingen van het onderzoek te verspreiden op een manier die de belangen van de cannabiskwekers respecteert. Zodra de algemene resultaten van het onderzoek openbaar zijn, kunnen ze, net als elk ander onderzoek, door anderen worden gebruikt ter ondersteuning van verschillende standpunten, waarvan sommige in overeenstemming kunnen zijn en andere in strijd kunnen zijn met de standpunten van de onderzoekers of de deelnemers aan het onderzoek.

Bijkomende vragen?

Als u vragen heeft over het onderzoek kan dit via wwweed@ugent.be

Deze studie werd goedgekeurd door de Facultaire Ethische Commissie van de Faculteit Recht en Criminologie, aan de Universiteit Gent (Beslissing d.d. 17 december 2019) Indien u wenst iemand te spreken die niet direct betrokken is bij het onderzoek, in het bijzonder met betrekking tot de uitvoering van het onderzoek, uw rechten als deelnemer, of als u een vertrouwelijke klacht wilt indienen, kunt u contact opnemen met: *Universiteit Gent -*

3. Ik begrijp dat ik deze informatiepagina kan afdrukken om als mijn persoonlijke kopie te bewaren.
4. Ik vrijwillig mijn toestemming verleen om deel te nemen aan dit onderzoeksproject.
5. Ik begrijp dat ik de enquête op elk moment kan verlaten door mijn browser te sluiten.
6. Ik begrijp dat er geen identificerende informatie (inclusief IP-adressen) zal worden verzameld.

Display This Question:
If CountryURL = canada

PICF. Canada Invitation Letter / Consent Form – Canada – English
Small-Scale Cannabis Cultivation in Canada
Thank you for your interest in participating in the research project entitled, 'Small-Scale Cannabis Cultivation in Canada'. This survey is part of an international survey taking place in more than 18 countries, and run by the Global Cannabis Cultivation Research Consortium, a group of drug policy researchers from around the world. You can learn more about the team and the survey at WorldWideWeed.nl.

Below is information regarding the study, what you'll be asked to do, and what risks your participation in the study might entail. Please read this before completing the online survey to ensure you wish to participate. If you have any questions, please email us at CannabisResearch@Humber.ca.

What is the purpose of this study?
You are being asked to participate in a research study about cannabis cultivation and growing. Canada recently legalized cannabis, but there isn't good information about many people are growing cannabis, why they grow cannabis, and how they grow cannabis. We hope that this study will shed light on those issues, and allow us to compare how Canadian cannabis growers compare to other cannabis growers around the world.

What will I do if I choose to be in this study?
If you choose to take part in this study you will be asked to complete an online survey that take about 20 minutes to finish. You'll be asked questions relating to your cannabis growing

practices, including information about any encounters with law enforcement because of your cannabis growing. The survey is entirely online.

What are the possible risks or discomforts?
We believe there is a low risk of harm associated with participating in this project. You may feel uncomfortable discussing your cannabis growing practices, but you can either choose not to answer any question you are uncomfortable with, or end the survey at any time by closing your browser.

We do not collect any personally identifiable information about you at any time in this survey, and your privacy is very important to us. (See below). There are no recorded instances of police in Canada seizing research data to pursue criminal charges related to drugs, and we do not anticipate that any such practice will occur during this research project.

What are the possible benefits for me or others?
You are not likely to have any direct benefit from being in this research study. This study is designed to learn more about how people in Canada grow cannabis, and is part of an international survey taking place in more than 18 countries. The study results may be used to help other people in the future with things like developing policies about growing cannabis, or understanding the populations that grow cannabis. It is not the intention of the research team to use your information commercially. The research team does not stand to benefit financially from your contributions to this project.

How will you protect the information you collect about me, and how will that information be shared?
Results of this study may be used in publications and presentations. Your study data will be handled as confidentially as possible. For example, the data will be stored on a password protected computer, and only the research team will have access to that data. You name is never asked for or given, and we don't record your IP address. After seven years we will destroy the data we've collected unless it is still being used for research purposes. For even greater privacy (e.g. so your ISP cannot track your browser history), you may want to consider using a VPN. Unfortunately our survey platform does not support the use of TOR.

We may share the data we collect from you for use in future research studies or with other researchers – if we share the data that you've provided, we will remove any information that could identify you before we share it. We don't ask any information that could identify you, but we check to make sure none was inadvertently included.

Financial Information Participation in this study will involve no cost to you. You will receive no compensation for participating.

Withdrawal Procedure
At any time during this study you are free to withdraw from participation without any consequences. You need only close your browser window before submitting your final answers and your information will not be recorded. Once you've hit the final submit button we're unable

to remove your data from the survey as the survey you submit is completely anonymous and we'd have no way of identifying your survey from someone else's.

Conflict of Interest

The Primary Investigators of this project in Canada are employed by Humber College and Sherbrooke University. They do not stand to financially benefit from leading this survey, nor your participation in it.

Inclusion Criteria

To participate in this study you must:

1) Currently live in Canada 2) Be 18 years of age or older 3) Have grown cannabis at least once in your life.

Follow Up

Once you've completed the survey we won't reach out to you for further data collection. Our plan is to analyze the data we collect, and publish academic findings starting in October 2020. You can look for updates on the project by going to our website, www.WorldWideWeed.nl.

What are my rights as a research participant?

Participation in this study is voluntary. You do not have to answer any question you do not want to answer. If at any time and for any reason, you would prefer not to participate in this study, please feel free not to. If at any time you would like to stop participating you are free to do so by closing your browser window.

Who can I contact if I have questions or concerns about this research study?

If you have questions you can contact the researchers at CannabisResearch@Humber.ca. or you can directly reach the Primary Investigator of this project, Professor Daniel Bear, at Daniel.Bear@Humber.ca or 416-675- 6622 x3680. You can also learn more about the project at www.WorldWideWeed.nl.

If you have any questions about your rights as a participant in this research, you can contact the Humber College Research Ethics Board Chair, Lydia Boyko, Lydia.Boyko@Humber.ca, or 416-675-6622 x79322

This project has been approved by the Humber Research Ethics Board (Approval Number: RP-0363) and the Sherbrooke University Research Ethics Board (Project ID: 2020 – 3419).

PICF. Denmark

Information og samtykkeerklæring - Danmark -

Velkommen til den internationale spørgeskemaundersøgelse om cannabisdyrkning (ICCQ 2.0) 2020! Du kan opleve, at der er svarmuligheder, som ikke er relevante for os her i Danmark. Spring dem bare over! Disse svarmuligheder er med, fordi undersøgelsen er international. Undersøgelsen er helt **anonym** og **frivillig**. Baggrund: I 2012 lancerede vi den første internationale undersøgelse af cannabisdyrkning. Formålet med denne undersøgelse var at skabe et mere realistisk syn på cannabisdyrkning. Takket være bidrag fra over 6500 cannabisdyrkere verden over har vi kunne udgive mere end 18 videnskabelige artikler om emnet. Artiklerne har bidraget til at udfordre negative stereotyper om cannabisdyrkere. For mere information se vores hjemmeside (https://worldwideweed.nl/). Her i 2020 er vi tilbage med en opfølgende undersøgelse, der er tilpasset de sidste års udviklinger rundtom i verden. Ved at deltage hjælper du os med fortsat at skabe et mere retvisende billede af cannabisdyrkning.

Om undersøgelsen Undersøgelsen skal kortlægge mønstre i dyrkning af cannabis (undtagen hamp til fibre, mad, industrielle formål, og fuglefrø). Spørgeskemaet tager højest 25 minutter at besvare. Hvem udfører denne forskning? Spørgeskemaet, som vi kalder for ICCQ 2.0, er udviklet af forskere fra Global Cannabis Cultivation Research Consortium (GCCRC). Medlemmerne består af forskere fra hele verden, der alle er interesseret i at skabe bedre forståelser af cannabisdyrkning. For mere information se vores hjemmeside. Hvad sker der, hvis jeg beslutter at deltage? Din deltagelse er helt **frivillig**. Når du klikker på knappen "Begynd undersøgelsen", accepterer du samtidigt at deltage i undersøgelsen. For at forlade undersøgelsen skal du bare lukke din browser. Din deltagelse er helt **anonym**. Vi indsamler IKKE IP-adresser. De svar du indtaster, kan således ikke identificeres. Du kan sagtens beslutte at springe over specifikke spørgsmål og gå videre til de næste. Er der nogen risici for mig? Din deltagelse er **helt anonym**. Der indsamles ingen personhenførbare oplysninger eller IP-adresser, der kan linke dig til de data, du indtaster. For ekstra beskyttelse opfordrer vi dig til at udfylde spørgeskemaet ved hjælp af en enhed (f.eks. en PC), du ejer, og ikke fra en enhed, der ejes af din arbejdsgiver, skole eller universitet. For at undgå, at nogen sporer din browseraktivitet (dvs. ser de websteder, du besøger) opfordrer vi dig også til ikke at udfylde spørgeskemaet på din arbejdsplads, skole eller et universitetsnetværk. For endnu mere sikkerhed (f.eks. så din internetudbyder ikke kan spore din browserhistorik), kan du overveje at bruge VPN eller et anonymiseringsværktøj. Desværre er Tor Browser i øjeblikket ikke kompatibel med spørgeskemaplatformen (Qualtrics), og dette kan også være tilfældet med andre anonyme browsere. De elektroniske data vi indsamler opbevares sikkert på Curtin Universitets server i mindst 7 år. De informationer du indtaster kan imidlertid **aldrig** knyttes til dig. Da vi ikke kan identificere dig og dine svar, kan besvarelser allerede indsendt ikke senere fjernes fra undersøgelsen.

Hvad får jeg ud af det?

Der er intet honorar for at deltage i undersøgelsen. Din deltagelse vil imidlertid bidrage til at skabe mere viden, der kan forbedre vores kollektive forståelse af cannabisdyrkning. Internationalt samarbejde giver forskere mulighed for at sammenligne tendenser på tværs af forskellige lande. Vi deler vores resultater med dig via vores hjemmeside (https://worldwideweed.nl/). Hvad sker der med resultaterne?

Undersøgelsens resultater vil blive præsenteret i opsummeret form på konferencer og i

akademiske artikler. Du vil altid være anonym. Resultaterne vil være baseret på videnskabelige metoder. Resultater fra vores tidligere dataindsamling er blevet brugt af fortalere for cannabisdyrkning. Det er dog muligt, at resultaterne i fremtiden også vil kunne bruges til at informere politiske beslutninger om en række spørgsmål herunder retshåndhævelse. Individuelle svar er altid anonyme, og der er intet i vores videnskabelige artikler og rapporter, der vil kunne bruges til at identificere enkeltpersoner. Derudover gør vi alt for at formidle forskningsresultater på en måde, der respekterer cannabisdyrkere. Som i enhver anden undersøgelse kan resultaterne, når de er offentliggjorte, bruges af mange forskellige aktører til støtte for forskellige standpunkter. Nogle af disse vil være i overensstemmelse med forskernes eller deltagernes synspunkter, andre vil være i modstrid.

Yderligere spørgsmål? Har du yderligere spørgsmål til forskningsprojektet er du velkommen til at kontakte Thomas Friis Søgaard på mail: tfs.crf@psy.au.dk eller på telefon: 87165315.

Ved at klikke på 'Begynd undersøgelse!', Bekræfter jeg, at: Jeg har læst ovenstående oplysninger, og jeg forstår dens indhold. Jeg har fået oplysninger om, hvor jeg kan henvende mig med spørgsmål i forbindelse med denne undersøgelse. Jeg forstår, at jeg kan udskrive en personlig kopi af denne informationsside. Jeg accepterer frivilligt at deltage i dette forskningsprojekt. Jeg forstår, at jeg når som helst kan forlade undersøgelsen ved at lukke min browser. Jeg forstår, at der ikke indsamles personhenførbar information, herunder IP-adresser.

Display This Question:

If CountryURL = france

PICF. France Formulaire d'information et de consentement (France). Bienvenue et merci pour votre participation au Questionnaire International sur la Culture du Cannabis (ICCQ 2.0) 2020! Contexte

Nous avons lancé la première version de cette enquête en 2012 (l'ICCQ 1.0) ayant le sentiment que le grand public avait généralement une vision très irréaliste des personnes qui cultivent du cannabis. Grâce à la contribution de plus de 6500 cultivateurs à travers le monde, nos chercheurs ont pu publier plus de 18 articles scientifiques qui ont contribué à combattre les stéréotypes sur les cultivateurs de cannabis. Veuillez consulter notre site Web pour plus de détails : https://worldwideweed.nl/. Nous sommes de retour en 2020 avec une enquête améliorée (l'ICCQ 2.0), disponible dans plus de pays et de langues, et mieux adaptée à ce qui se passe actuellement dans le monde. Pour continuer à rétablir les faits, aidez-nous en participant à notre enquête. À propos de l'enquête

L'ICCQ est conçu pour étudier les modes de culture du cannabis à petite échelle (à l'exclusion du chanvre pour les fibres, les aliments, les applications industrielles et les semences d'oiseaux). Le questionnaire ne devrait pas prendre plus de 25 minutes environ.

Qui mène cette recherche?

L'ICCQ a été développé par des membres du Global Cannabis Cultivation Research Consortium (GCCRC), qui est composé de chercheurs du monde entier intéressés à mieux comprendre la culture de cannabis domestique. Pour plus d'informations sur les activités du

GCCRC, veuillez visiter notre site Web : https://worldwideweed.nl/.

Que se passe-t-il si je décide de participer?

Votre participation est entièrement volontaire. Si vous cliquez sur le bouton «Commencer l'enquête», nous supposerons que vous acceptez de démarrer l'enquête. Pour quitter l'enquête, fermez simplement votre navigateur, cependant, les données que vous avez déjà fournies ne peuvent pas être supprimées de l'enquête afin de maintenir votre anonymat. Vous pouvez également décider d'ignorer des questions spécifiques.

Quels sont les risques pour moi?

Votre implication est totalement anonyme. Aucune information d'identification ou adresse IP ne sera collectée qui pourrait être utilisée pour vous lier aux données que vous soumettez. Cependant, pour plus de confidentialité, nous vous encourageons à remplir le questionnaire en utilisant un appareil que vous possédez, et non un appareil appartenant à votre employeur, école ou université. Nous vous encourageons également à ne pas remplir le questionnaire sur un réseau Internet du travail, de l'école ou de l'université pour éviter le risque que quiconque suive l'activité de votre navigateur (c'est-à-dire qu'il voie les sites Web que vous visitez). Pour une confidentialité encore plus grande (par exemple pour que votre FAI ne puisse pas suivre l'historique de votre navigateur), vous pouvez envisager d'utiliser un anonymiseur ou un VPN. Cependant, Tor n'est malheureusement pas compatible avec la plateforme du sondage (Qualtrics). Cela pourrait également être le cas pour d'autres anonymiseurs. Les données électroniques seront stockées en toute sécurité à Curtin University (Australie) pendant au moins 7 ans. Cependant, encore une fois, les données que vous fournissez ne peuvent pas être liées à vous.

Quels sont les avantages pour moi?

Il n'y a aucune récompense financière pour avoir participé à ce projet. Bien qu'il n'y ait aucun avantage direct pour vous, votre participation contribuera à un plus grand ensemble de connaissances qui améliorera notre compréhension collective de la culture du cannabis à petite échelle. La collaboration internationale nous permettra également de comparer les producteurs de différents pays. Nous partagerons nos résultats avec vous via le site web du projet.

Que se passera-t-il avec les résultats?

Nous présenterons les résultats lors de conférences et dans des articles académiques. Les données quantitatives ne seront présentées que sous forme agrégée. Dans le cas de données qualitatives, toutes les informations d'identification non sollicitées que vous fournissez dans des zones de texte, telles que les noms de personnes, de groupes, de lieux ou d'événements, seront supprimées des données afin de maintenir votre anonymat. Bien que les résultats de notre précédente collecte de données aient été utilisés dans le passé pour défendre les producteurs de cannabis, il est possible qu'ils puissent également être utilisés à l'avenir pour informer l'activité des entités commerciales et des agences gouvernementales afin d'éclairer les décisions politiques sur une gamme de questions, y compris l'application des lois. Bien entendu, les réponses individuelles sont gardées anonymes et rien dans nos articles et rapports scientifiques ne permet d'identifier des individus. Au-delà de cela, tous les efforts sont faits pour collecter les données, rendre compte et diffuser les résultats de la recherche d'une manière respectueuse des intérêts des cultivateurs de cannabis. Pourtant, comme toute recherche, une fois que les résultats globaux de l'étude sont rendus publics, ils peuvent être utilisés par d'autres pour soutenir une variété de positions, dont certaines peuvent être en

accord avec, et d'autres peuvent être contraires aux opinions des chercheurs ou les participants à la recherche. Nous restons toutefois vigilants à ce que nos données ne soient pas l'objet d'instrumentalisation.

D'autres questions?

Si vous avez des questions sur la recherche, vous pouvez les poser ici. Si vous souhaitez discuter de l'étude concernant la conduite de l'étude ou vos droits en tant que participant, vous pouvez contacter le responsable de l'étude pour la France par mail : marie.jauffret-roustide@inserm.fr. En cliquant sur «Commencer l'enquête!», Je confirme que: 1. J'ai lu les informations ci-dessus et j'en comprends le contenu. 2. On m'a donné des détails pour poser toute question que je pourrais avoir concernant cette étude. 3. Je comprends que je peux imprimer cette page d'information pour la conserver comme copie personnelle. 4. Je consens volontairement à participer à ce projet de recherche. 5. Je comprends que je peux quitter l'enquête à tout moment en fermant mon navigateur. 6. Je comprends qu'aucune information d'identification ne sera collectée, y compris les adresses IP.

PICF. Finland

Tervetuloa osallistumaan kansainväliseen tutkimukseen kannabiksen kasvattamisesta 2020!

Tiedote ja suostumuslomake tutkimukseen osallistujille (Suomi)

Tutkimuskonsortio Global Cannabis Cultivation Research Consortium (GCCRC) toteuttaa kyselytutkimuksen kannabiksen kotimaisesta kasvattamisesta. Tämä on kolmas kerta, kun tutkimus tehdään Suomessa. Hankkeen suomalainen osapuoli on tälläkin kertaa Terveyden ja hyvinvoinnin laitos (THL) ja siitä vastaa tutkimusprofessori Pekka Hakkarainen. Ensimmäinen tutkimus toteutettiin Suomessa vuonna 2009 ja sen keskeiset tulokset on raportoitu Pekka Hakkaraisen, Jussi Perälän ja Leena Metson kirjoittamassa artikkelissa ”Kukkaa pukkaa – Kannabiksen kotikasvatus Suomessa” (Yhteiskuntapolitiikka 2/2011). Ensimmäinen kansainvälisesti laajempi tutkimus toteutettiin 2012–2015. Tietoja kerättiin 13 maasta. Konsortio kiittää niitä yli 6500 henkilöä, jotka vastasivat kyselyyn ympäri maailmaa. Verkoston tutkijat ovat raportoineet tuloksia yli 18 tieteellisessä artikkelissa, jotka ovat monipuolistaneet keskustelua ja haastaneet kasvattajiin liitettyjä yleisiä mielikuvia ja stereotypioita. Tarkempaa tietoa konsortiosta ja sen tuotoksista löytyy nettisivulta www.worldwideweed.nl. Vuonna 2020 tutkimus toteutetaan aikaisempaan tapaan verkossa täytettävän kyselylomakkeen avulla. Olemme kehittäneet lomaketta (ICCQ 2.0) saamamme palautteen pohjalta. Tarkoituksena on tutkia kannabiksen kasvattamisen käytäntöjä, motiiveja ja merkityksiä eri maissa ja erilaisilla kasvattajilla. Tutkimukseen ovat osallistumassa Australia, Belgia, Georgia, Hollanti, Israel, Iso-Britannia, Italia, Itävalta, Kanada, Portugali, Ranska, Saksa, Sveitsi, Suomi, Tanska, Uruguay, Uusi-Seelanti ja Yhdysvallat. Toivomme sinun vastaavan

kyselyyn ja auttavan meitä lisäämään ymmärrystämme aiheesta. Vastaaminen vie aikaa noin 20–30 minuuttia. Osallistuaksesi tähän tutkimukseen sinun on täytettävä seuraavat ehdot: 1. Olet kasvattanut kannabista ainakin yhden kerran tai kasvatat kannabista parhaillaan 2. Olet vähintään 18 -vuotias 3. Asut Suomessa Jos päätät osallistua tutkimukseen? Osallistumisesi perustuu täysin vapaaehtoisuuteen. Jos aloitat kyselyyn vastaamisen, voit peruuttaa osallistumisesi missä vaiheessa tahansa sulkemalla selaimen. Jos et halua vastata johonkin tiettyyn kysymykseen, voit valita vastausvaihtoehdon ”en halua vastata”. Onko osallistumisessasi riskejä? Kaikki kyselylomakkeella kerätty tieto on anonyymia ja ehdottoman luottamuksellista. Vastaaminen tapahtuu nimettömänä suojatuilla sivuilla. IP-osoitteita tai muita yksilöitävissä olevia lokitietoja tutkimukseen osallistumisesta ei kerätä. Jos haluat salata ulkopuolisilta myös sivuhistoriasi, kehotamme sinua vastaamaan mieluummin omalta koneeltasi kuin työnantajan, koulun tai opiskelupaikan koneelta. Halutessasi voit käyttää vastaamisessa suojattua VPN yhteyttä tai muuta vastaavaa. Valitettavasti Tor selain ei toimi kyselyalustana käytetyn Qualtricsin kanssa ja vastaavia ongelmia voi olla muidenkin anonyymien selainten kanssa. Analyysien nopeuttamiseksi tiedot kerätään tällä kertaa kaikissa maissa samalla ohjelmalla (Qualtrics) ja samaan tietokantaan. Sähköinen aineisto säilytetään turvallisesti analyyseja ja jatkotutkimuksia varten Curtin yliopistossa Australiassa vähintään seitsemän vuotta. Tässäkään vaiheessa antamiasi tietoja ei voida yhdistää sinuun. Tutkittavien tietosuojan periaatteet on käsitelty THL:n tutkimuseettisessä työryhmässä. Mitä hyötyä osallistumisessasi on? Osallistumisesi edesauttaa tiedon lisäämistä kannabiksen kasvattamisesta. Tällä on iso merkitys politiikan suunnittelussa. Tutkimuksen tulokset julkaistaan tieteellisissä aikakauslehdissä ja niitä esitellään seminaareissa ja tiedotusvälineissä niin kotimaassa kuin ulkomaillakin. Tutkimusraportit perustuvat vastausjakaumiin, joten niistä ei voi tunnistaa yksittäistä vastaajaa. Voit seurata tutkimuksen edistymistä ja tuloksia konsortion verkkosivuilta. Lisäkysymyksiä? Mikäli sinulla on kysyttävää tästä tutkimuksesta, voit ottaa yhteyttä tutkimuksen Suomen osuuden vastuuhenkilöön tutkimusprofessori Pekka Hakkaraiseen (pekka.hakkarainen@thl.fi, puh. 029 524 7161) tai tutustua konsortion verkkosivuihin osoitteessa www.worldwideweed.nl.

Käynnistämällä kyselyn vahvistan, että: Olen lukenut yllä esitetyn informaation ja ymmärrän sen sisällön. Minulle kerrottu yhteystiedot, mistä voin saada lisätietoja ja minulla on mahdollisuus esittää kysymyksiä tutkimuksesta. Ymmärrän, että voin tulostaa tämän informaatiosivun säilyttääkseni sen itselläni. Osallistun tutkimukseen vapaaehtoisesti.

Ymmärrän, että voin keskeyttää tutkimukseen osallistumiseni missä vaiheessa tahansa.

Ymmärrän, että vastaajista ei kerätä mitään tunnistetietoja eikä IP osoitteita.

Information und Zustimmung.

Willkommen zum Internationalen Cannabis-Anbau Fragebogen 2020!

Hintergrund

Im Jahr 2012 haben wir den ersten Durchgang dieser Umfrage durchgeführt, weil wir davon ausgingen, dass in der Öffentlichkeit eine unrealistische Meinung über Grower vorherrscht. Dank der Teilnahme von über 6500 Personen mit Erfahrung im Anbau von Cannabis konnten wir mehr als 18 Fachartikel veröffentlichen, die dazu beigetragen haben, Vorurteile über Cannabis und Grower zu reduzieren. Auf unserer Webseite finden Sie weitere Details dazu. Nun sind wir zurück mit einer weiteren, verbesserten und aktualisierten Umfrage, die in noch mehr Ländern und Sprachen zur Teilnahme erreichbar ist. Mit Ihrer Teilnahme helfen Sie uns, die öffentliche Meinung zum Anbau von Cannabis zu verbessern.

Über die Umfrage

Die Umfrage zielt auf den Eigenanbau von Cannabis ab (außer Nutzhanf). Es dauert ungefähr 25 Minuten, den Fragebogen komplett auszufüllen. Wer führt die Umfrage durch?

Die Umfrage wird vom Global Cannabis Cultivation Research Consortium (GCCRC) durchgeführt, welches von Forscherinnen und Forschern in der ganzen Welt gebildet wurde, um den Eigenanbau von Cannabis besser zu verstehen. Für weitere Informationen können Sie unsere Webseite besuchen. www.worldwideweed.nl

Was passiert, wenn ich mich entscheide, an der Umfrage teilzunehmen?

Ihre Teilnahme ist komplett freiwillig. Nachdem Sie auf "Umfrage starten" geklickt haben, können Sie die Teilnahme jederzeit abbrechen (die bereits eingegebenen Daten werden dabei allerdings nicht gelöscht, die Teilnahme wird stattdessen als unvollständig gewertet und später aus dem Datensatz entfernt). Sie können auch einzelne Fragen unbeantwortet lassen.

Welche Risiken gibt es?

Ihre Teilnahme ist komplett anonym. Es werden keine Daten und keine IP-Addressen gespeichert, die mit Ihrer Person in Verbindung gebracht werden können. Wir raten dazu, Ihr eigenes internetfähiges Gerät zur Teilnahme zu verwenden (nicht am Arbeitsplatz, in einem öffentlichen Netzwerk o.ä.), damit Ihre Browser-Nutzung nicht von Dritten eingesehen werden kann. Als weitere Maßnahme zur Sicherung Ihrer Anonymität können Sie ein VPN benutzen. Die Nutzung von TOR ist bei dieser Fragebogensoftware leider nicht möglich. Die von Ihnen eingegebenen Daten werden für mehrere Jahre bei der Curtin University (Australien)

anonymisiert gespeichert. Die gespeicherten Daten können nicht mit Ihrer Person verknüpft werden.

Welche Vorteile habe ich durch die Teilnahme?
Die Teilnahme bietet Ihnen keine finanziellen Vorteile (etwa Verlosungen). Ihre Teilnahme wird aber dazu beitragen, den internationalen Wissensstand über den Eigenanbau von Cannabis zu vergrößern. Die internationale Zusammenarbeit des Forschungsteams erlaubt Ländervergleiche. Die Ergebnisse können auf der Webseite des Projektes eingesehen werden.

Was geschieht mit den Ergebnissen? Die Ergebnisse der Umfrage werden auf Konferenzen präsentiert und in Fachzeitschriften sowie online veröffentlicht. Die statistischen Daten werden grundsätzlich aggregiert (zusammengefasst) ausgewertet und veröffentlicht. Die qualitativen Daten, die Sie gegebenenfalls in die Textboxen eintragen, werden - wenn nötig - manuell anonymisiert (Namen von Personen, Gruppen, Orten oder Geschehnissen werden entfernt).

Die veröffentlichten Ergebnisse sind frei zugänglich. Die Anonymität bleibt gewahrt. Wir haben keine Vorurteile gegenüber dem Konsum oder Anbau von Cannabis und respektieren die Interessen unserer Teilnehmer und Teilnehmerinnen.
Noch Fragen?
Wenn Sie noch Fragen zu unserer Erhebung haben, können Sie sich hier bei uns melden:

Dr. Bernd Werse
Goethe-Universität
Institut für Sozialpädagogik und Erwachsenenbildung
Centre for Drug Research
Theodor-W.-Adorno-Platz 6
60629 Frankfurt am Main

Tel. (--49)(0)69-798-36386
Büro: Gebäude PEG, Raum 1.G053
werse@em.uni-frankfurt.de
www.uni-frankfurt.de/cdr

Mit der weiteren Teilnahme bestätigen Sie, dass:
1. Sie die oben stehenden Informationen gelesen und verstanden haben
2. Ihnen die Kontaktdaten für eventuelle Rückfragen gegeben wurden
3. Sie die oben stehenden Informationen ausdrucken oder mit copy-und-paste Funktion speichern können
4. Ihre weitere Teilnahme freiwillig ist
5. Sie die weitere Teilnahme durch das Schließen Ihres Web-Browsers jederzeit abbrechen können
6. Von uns keine Daten erhoben werden, mit denen Sie identifiziert werden können

!2020 (ICCQ 2.0) ברוך/ה הבא/ה לשאלון גידול הקנאביס הבינלאומי

רקע כללי

הושק עוד בשנת 2012. הרגשתנו אז הייתה כי לציבור הרחב היו על פי (ICCQ 1.0) הגל הראשון של סקר זה רוב השקפות לא מציאותיות בנוגע לאנשים שמגדלים קנאביס. הודות לתרומתם של למעלה מ-6500 מגדלים מרחבי העולם, החוקרים שלנו הצליחו לפרסם למעלה מ-20 מאמרים מדעיים אשר עזרו לאתגר את הסטראוטיפים כלפי מגדלי הקנאביס. אנא עיין/י באתר שלנו לפרטים נוספים. אנו חוזרים בשנת 2020 עם סקר אשר זמין במדינות ובשפות רבות יותר ומותאם טוב יותר למה שקורה כיום ברחבי (ICCQ 2.0) טוב אף יותר העולם. אנא עזור/י לנו להמשיך ולהבהיר את הדברים על ידי ההשתתפות במחקר. אודות הסקר ICCQ-ה, נועד ללמידה אודות דפוסי גידול הקנאביס בקנה מידה קטן)כלומר, לא כולל גידול לסיבים תזונתיים למזון, ליישומים תעשייתיים ולזרעי ציפורים. (מילוי השאלון אמור לקחת לא יותר מ-25 דקות. מי עורך את המחקר הזה?ה-ICCQ (GCCRC), המורכב פותח על ידי חברי הקונסורציום העולמי לחקר גידול הקנאביס. למידע נוסף מחוקרים מרחבי העולם המעוניינים להבין טוב יותר את כל מה שקשור לגידול הקנאביס המקומי, אנא בקר/י באתר האינטרנט שלנו GCCRC-, אודות פעילויות ה.

מה יקרה אם אחליט להשתתף?השתתפותך הינה חופשית לחלוטין. אם תלחץ/י על כפתור "התחל/י בסקר ,"אנו נניח כי הינך מסכים/ה להתחיל את הסקר. כדי לצאת ממנו, פשוט סגור/סגרי את הדפדפן שלך. יש להדגיש כי הינך יכול/ה לצאת מהסקר בכל עת מכל סיבה אפשרית. הינך יכול/ה גם לדלג על שאלות מסוימות.

מהם הסיכונים עבורי?

אשר יכולים לשמש כדי לקשר IP המעורבות שלך הינה אנונימית לחלוטין. לא ייאסף כל מידע מזהה או כתובות, אותך לנתונים שהינך מספק/ת. עם זאת, חלק מהשאלות יכולות להיות מפלילות. לכן, למען פרטיות מוגברת, אנו מעודדים אותך למלא את השאלון באמצעות מכשיר שבבעלותך, ולא אחד שנמצא בבעלות המעסיק, בית הספר או האוניברסיטה שלך. אנו מעודדים אותך גם להימנע ממילוי השאלון ברשת האינטרנט של מקום עבודתך, של בית הספר או של האוניברסיטה/המכללה שלך, וזאת על מנת למנוע מצב שמישהו יעקוב אחר פעילות הדפדפן שלך)כלומר, יראה אתרים שהינך מבקר/ת בהם. (למען פרטיות רבה אף יותר)למשל, כדי שספק האינטרנט שלך, אולם, לצערנו, הדפדפן .VPN-לא יוכל לעקוב אחר היסטוריית הגלישה שלך, (מומלץ להשתמש באנימונייזר או ב TOR ייתכן שזה יהיה המצב גם של דפדפנים (QUALTRICS). איננו מתואם כעת עם מערכת הסקרים הנוכחית אוסטרליה (למשך 7 שנים (CURTIN) אנונימיים אחרים. הנתונים יאוחסנו באופן מאובטח באוניברסיטת קרטין, לפחות. אולם, שוב, לא ניתן יהיה לקשר אליך את הנתונים שהינך מספק/ת.

מהן התועלות עבורי?

אין תמורה כספית עבור ההשתתפות בפרויקט זה. למרות שיתכן שלא תהיה תועלת ישירה עבורך, השתתפותך תתרום להגדלת גוף הידע שישפר את ההבנה שלנו בנושא גידול הקנאביס בקנה מידה קטן. שיתוף פעולה בינלאומי יאפשר לנו גם להשוות בין מגדלים במדינות השונות. אנו נשתף אותך בממצאים שלנו דרך אתר הפרויקט.

מה יקרה עם הממצאים?

אנו נציג את הממצאים בכנסים ובמאמרים אקדמיים. נתונים כמותניים יוצגו אך ורק בצורה אגרגטיבית. במקרה של נתונים איכותניים, כל מידע מזהה שתמסור/י בתיבות טקסט, כגון שמות של אנשים, קבוצות, מקומות או אירועים, יוסר מהנתונים על מנת לשמר את האנונימיות שלך.

כמובן שתשובות אישיות תישמרנה בעילום שם, ושום דבר שעשוי לזהות אנשים לא ייכלל במאמרים ובדוחות המדעיים שלנו. יתרה מכך, יעשה כל מאמץ לאסוף את הנתונים, לדווח על ממצאי המחקר ולהפיצם באופן שיכבד את האינטרסים של מגדלי הקנאביס. עם זאת, כמו כל מחקר, ברגע שכלל ממצאיו יהפכו לנגישים לציבור הרחב, הם יוכלו לשמש אותו לשם תמיכה במגוון עמדות, שחלקן עשויות לבוא בהתאמה עם עמדותיהם של החוקרים או של משתתפי המחקר, ואילו חלקן עשויות לבוא בסתירה עם עמדות אלה.

<u>שאלות נוספות?</u>
אם יש לך שאלות לגבי המחקר, תוכל/י לשאול אותן כאן.

HREC: אישרה מחקר זה (מספר HREC) ועדת האתיקה למחקרים בבני אדם באוניברסיטת קרטין (HRE2019-0542). אם תרצה/י לדון במחקר עם מישהו שאינו מעורב בו במישרין, לרבות כל הנוגע לניהול המחקר או לזכויותיך כמשתתף/ת, או שהינך מעוניין/ת להגיש תלונה חסויה, הינך יכול/ה לפנות לקצין האתיקה במספר 9266 9223 08) (או למנהל שלמות המחקר בטלפון 9266 7093 08) (או
בדוא"ל: hrec@curtin.edu.au

בישראל, המחקר אושר על ידי הוועדה הפקולטית לבדיקת מחקרים בבני אדם של הפקולטה למדעי הרווחה והבריאות באוניברסיטת חיפה (אישור מס '400/20).

עורכת המחקר בישראל הינה ד"ר שרון שניטמן, מרצה בכירה בבית הספר לבריאות הציבור באוניברסיטת חיפה. במידה ותהינה לך שאלות אודות המחקר, ניתן לפנות אליה בדוא"ל: sznitmans@gmail.com או בטלפון: 054-6145388.

<u>בלחיצה על 'התחל/י את הסקר', אני מאשר/ת כי!:</u>
1. קראתי את המידע לעיל, ואני מבין/ה את תוכנו.
2. ניתנו לי פרטים לשאול כל שאלה שיכולה להופיע לי בקשר למחקר זה.
3. אני מבין/ה שאני יכול/ה להדפיס את דף המידע הזה כדי לשמורו כעותק האישי שלי.
4. אני מסכים/ה מרצון לקחת חלק בפרויקט מחקר זה.
5. אני מבין/ה שאני יכול/ה לצאת מהסקר בכל עת על ידי סגירת הדפדפן שלי.
6. אני מבין/ה שלא ייאסף מידע מזהה, כולל כתובות IP.

PICF. Italy
Benvenuti al Questionario Internazionale sulla Coltivazione Domestica di Cannabis 2020! La prima versione di questo questionario è stata lanciata nel 2012 poiché ci sembrava che l'opinione pubblica avesse una visione poco realistica dei coltivatori di cannabis. Grazie al

contributo di oltre 6500 persone che coltivano cannabis in tutto il mondo, il nostro team di ricerca è stato in grado di pubblicare più di 18 articoli scientifici che hanno contribuito a migliorare le conoscenze della comunità scientifica e del legislatore sulla coltivazione della cannabis. Potete consultare il nostro sito per maggiori dettagli. Siamo tornati nel 2020 con un nuovo questionario, disponibile in più paesi e lingue, adattato a ciò che sta accadendo nel mondo. Ti chiediamo di prenderne parte per aiutarci per costruire un ritratto fedele delle persone che coltivano cannabis. Informazioni sul questionario Il sondaggio è progettato per studiare i modelli di coltivazione di cannabis su piccola scala escludendo la canapa per uso industriale ed alimentare (ad es. fibra, semi). Compilare il questionario non dovrebbe richiedere più di 20 minuti. Chi sta conducendo questa ricerca? Il sondaggio è stato sviluppato dai membri del Global Cannabis Cultivation Research Consortium (GCCRC), che comprende ricercatori da tutto il mondo interessati a comprendere il settore della coltivazione domestica di cannabis. Per ulteriori informazioni sulle attività del GCCRC, visitare il nostro sito internet. Cosa succede se partecipi? La tua partecipazione è completamente volontaria. Se clicchi sul pulsante "Inizia il sondaggio", accetti di iniziare il sondaggio. Per uscire dal sondaggio, basta chiudere il browser. Puoi anche decidere di saltare alcune domande. Quali sono i rischi se partecipi? Il tuo coinvolgimento è completamente anonimo. Non verranno raccolti dati identificativi o indirizzi IP che possano essere utilizzati per collegare l'utente ai dati forniti. Tuttavia, per una maggiore privacy, ti invitiamo a compilare il questionario utilizzando un dispositivo di vostra proprietà, non uno di proprietà del vostro datore di lavoro, della scuola o dell'università. Vi incoraggiamo inoltre a non compilare li il sondaggio per evitare il rischio che qualcuno possa seguire le attività del vostro browser (cioè vedere i siti internet che visitate). Per una privacy ancora maggiore (ad esempio, in modo che il vostro ISP non possa tenere traccia della cronologia del vostro browser), potreste voler considerare l'utilizzo di un anonimizzatore o di una VPN. Tuttavia, Tor purtroppo non è compatibile con la piattaforma del sondaggio (Qualtrics). Questo potrebbe anche essere il caso con altri anonimizzatori. I dati elettronici saranno conservati in modo sicuro presso la Curtin University per almeno 7 anni. I dati forniti non possono essere collegati a voi. Come utilizzeremo i risultati? Presenteremo i risultati in conferenze e attraverso articoli accademici. I dati quantitativi saranno presentati solo in forma aggregata. Nel caso di dati qualitativi, qualsiasi informazione identificativa non richiesta fornita in caselle di testo, come nomi di individui, gruppi, luoghi o eventi, sarà rimossa dai dati al fine di mantenere l'anonimato. I risultati del nostro sondaggio precedente sono stati usati per fornire un ritratto fedele dei coltivatori di cannabis, ed è possibile che i risultati possano essere usati anche in futuro per informare l'attività di enti commerciali e agenzie governative in modo da influenzare le decisioni politiche su una serie di questioni. Naturalmente, le risposte individuali sono mantenute anonime e nulla è incluso nei nostri articoli scientifici e nei report. Viene poi fatto ogni sforzo per raccogliere i dati, riferire e diffondere i risultati della ricerca in un modo che sia rispettoso degli interessi dei coltivatori di cannabis. Tuttavia, come ogni ricerca, una volta che i risultati complessivi dello studio sono disponibili al pubblico, possono essere utilizzati da altri per sostenere una varietà di posizioni, alcune delle quali possono essere in accordo con, e altre possono essere in contrasto con, le opinioni dei ricercatori o dei partecipanti alla ricerca. Ulteriori domande? Se avete domande sulla ricerca, potete farle qui. Cliccando su "Inizia il sondaggio", confermo che: Ho letto le informazioni di cui sopra e ne comprendo il contenuto. Mi sono stati forniti i dettagli per porre eventuali domande

relative a questo studio. Sono consapevole di poter stampare questa pagina informativa da conservare come mia copia personale. Acconsento volontariamente a partecipare a questo progetto di ricerca. Sono consapevole che posso uscire dal sondaggio in qualsiasi momento chiudendo il mio browser. Sono consapevole che non saranno raccolti dati identificativi, compresi gli indirizzi IP.

PICF. Netherlands Informatie- en toestemmingsformulier (Nederland).

Van harte welkom bij ICCQ 2.0, een internationaal onderzoek naar cannabisteelt!

Achtergrondinformatie In 2012 lanceerden wij voor de eerste keer een survey (de ICCQ 1.0) omdat we vonden dat het grote publiek doorgaans een zeer onrealistisch beeld heeft over mensen die cannabis kweken. Dankzij de bijdrage van meer dan 6.500 kwekers over de hele wereld konden onze onderzoekers meer dan 18 wetenschappelijke papers publiceren, die bijdroegen aan de ontkrachting van stereotype ideeën over cannabistelers. Consulteer onze website voor meer informatie over onze publicaties. We zijn terug in 2020 met een nog betere vragenlijst (de ICCQ 2.0). Deze enquête wordt afgenomen in nog meer landen en meer talen, en is beter afgestemd op wat er momenteel in de wereld gebeurt. Help ons verder een accuraat beeld te schetsen en neem deel aan deze studie.

Over de enquête

De ICCQ is ontworpen om patronen van kleinschalige cannabisteelt te bestuderen (de enquête gaat niét over vezelhennep, hennep in voeding, hennep voor industriële toepassingen en vogelzaad). Het invullen van de vragenlijst neemt hooguit 25 minuten van uw tijd in beslag. Wie voert dit onderzoek uit? De ICCQ is ontwikkeld door leden van het Global Cannabis Cultivation Research Consortium (GCCRC), dat bestaat uit onderzoekers van over de hele wereld die geïnteresseerd zijn in een beter begrip van de binnenlandse cannabisteelt. Voor meer informatie over de activiteiten van het GCCRC kunt u terecht op onze website.

Wat gebeurt er als ik besluit deel te nemen? Uw deelname aan de studie is volledig vrijwillig. Als u op de knop "Enquête starten" klikt, gaan we ervan uit dat u akkoord gaat met het starten van de enquête. Om de enquête af te sluiten, sluit u gewoon uw browser. Gegevens die u al hebt ingegeven, kunnen niet uit de enquête worden verwijderd om uw anonimiteit te behouden. U kunt ook beslissen om specifieke vragen over te slaan.

Welke risico's zijn eraan verbonden? Uw deelname is volledig anoniem. Er worden geen identificatiegegevens of IP-adressen verzameld die kunnen worden gebruikt om u te koppelen aan de gegevens die u indient. Om extra privacyredenen raden wij u echter aan om de vragenlijst in te vullen met uw eigen apparaat en niet met een apparaat dat eigendom is van uw werkgever, school of universiteit. We raden u ook aan de vragenlijst niet in te vullen via een internetnetwerk van uw werkplek, school of universiteit om het risico te vermijden dat iemand

uw browseractiviteit volgt (d.w.z. ziet welke websites u bezoekt). Indien u nog meer privacy wenst (zodat uw ISP uw browsergeschiedenis niet kan volgen), kunt u overwegen anoniem te surfen, door bijvoorbeeld Tor of een VPN-verbinding te gebruiken. De elektronische gegevens worden veilig opgeslagen bij de Universiteit Gent voor minimaal 7 jaar. Ook hier geldt echter dat de door u verstrekte gegevens niet aan uw identiteit kunnen worden gekoppeld.

Welke voordelen zijn eraan verbonden voor mij? Er is geen financiële beloning voor deelname aan dit project. Hoewel er misschien geen direct voordeel voor u aan verbonden is, zal uw deelname bijdragen aan het vergroten van de kennis die ons collectief inzicht van de kleinschalige cannabiskweek zal verbeteren. Door internationale samenwerking kunnen we ook kwekers in verschillende landen met elkaar vergelijken. We zullen onze resultaten dan ook met u delen via de website van het project.

Wat gebeurt er met de resultaten?

We zullen de resultaten presenteren op conferenties en in wetenschappelijke publicaties. Kwantitatieve gegevens worden alleen in geaggregeerde (samengevoegde) vorm gepresenteerd. Bij kwalitatieve informatie worden alle ongevraagde identificerende gegevens die u in tekstvakken invoert, zoals namen van personen, groepen, plaatsen of gebeurtenissen, uit de database verwijderd, zodat we u en eventuele anderen anonimiteit kunnen garanderen. Hoewel de resultaten van onze eerdere gegevensverzameling in het verleden zijn gebruikt om een stem te geven aan de visies en belangen van cannabiskwekers, is het mogelijk dat de resultaten in de toekomst ook worden gebruikt voor de activiteiten van commerciële entiteiten en om overheidsinstellingen te informeren over beleidsbeslissingen, waaronder wetshandhaving. Het spreekt voor zich dat individuele antwoorden anoniem worden gehouden. Bovendien wordt er niets in onze wetenschappelijke documenten en rapporten opgenomen dat individuen zou kunnen identificeren. Ook daarbuiten wordt alles in het werk gesteld om de gegevens te verzamelen, verslag uit te brengen en de bevindingen van het onderzoek te verspreiden op een manier die de belangen van de cannabiskwekers respecteert. Zodra de algemene resultaten van het onderzoek openbaar zijn, kunnen ze, net als elk ander onderzoek, door anderen worden gebruikt ter ondersteuning van verschillende standpunten, waarvan sommige in overeenstemming kunnen zijn en andere in strijd kunnen zijn met de standpunten van de onderzoekers of de deelnemers aan het onderzoek. Bijkomende vragen? Als u vragen heeft over het onderzoek kan dit via wwweed@ugent.be

Deze studie werd goedgekeurd door de Facultaire Ethische Commissie van de Faculteit Recht en Criminologie, aan de Universiteit Gent (Beslissing d.d. 17 december 2019) Indien u wenst iemand te spreken die niet direct betrokken is bij het onderzoek, in het bijzonder met betrekking tot de uitvoering van het onderzoek, uw rechten als deelnemer, of als u een vertrouwelijke klacht wilt indienen, kunt u contact opnemen met: *Universiteit Gent - Directie Onderzoeksaangelegenheden*

Commissie Wetenschappelijke Integriteit t.a.v. Stefanie Van der Burght,

Sint-Pietersnieuwstraat 25 B-9000 Gent E-mail: CWI@UGent.be Door op 'Begin enquête!' te klikken, bevestig ik dat: Ik de bovenstaande informatie heb gelezen en ik de inhoud ervan begrijp. PICF. New Zealand New Zealand Cannabis Cultivation Study 2020 PARTICIPANT INFORMATION SHEET

Welcome to the International Cannabis Cultivation Questionnaire (ICCQ 2.0) 2020!

Background

We launched the first wave of this survey back in 2012 (the ICCQ 1.0) as we felt the general public typically had a very limited understanding of people who grow cannabis. Thanks to the contribution of over 6500 growers around the world, our researchers were able to publish more than 18 scientific papers which have helped challenge stereotypes of cannabis growers. Please see our website for more details. We're back in 2020 with an even better survey (the ICCQ 2.0), available in more countries and languages, and better tailored to what's happening around the world now. Please help us continue to set the record straight by taking part.

About the survey

The ICCQ is designed to study patterns of small-scale cannabis cultivation (excluding hemp for fibre, food, industrial applications and bird seed). The questionnaire should take no more than about 25 minutes to complete. Who is conducting this research? The ICCQ was developed by members of the Global Cannabis Cultivation Research Consortium (GCCRC), which is comprised of researchers from around the world interested in better understanding domestic cannabis cultivation. For more information on the activities of the GCCRC, please visit our website.

What happens if I decide to take part? Your participation is completely voluntary. If you click the "Begin survey" button, we will assume that you agree to start the survey. To exit the survey, just close your browser, however, any data you have already provided cannot be removed from the survey in order to maintain your anonymity. You can also decide to skip specific questions.

What are the risks to me?

Your involvement is completely anonymous. No identifying information or IP addresses will be collected that could be used to link you to the data you submit. However, for extra privacy, we encourage you to complete the questionnaire using a device you own, not one owned by your employer, school or university. We also encourage you not to complete the questionnaire on a workplace, school or university internet network to avoid the risk of anyone tracking your browser activity (i.e. seeing websites you visit). For even greater privacy (e.g. so your ISP cannot track your browser history), you may want to consider using a VPN or an anonymizer.

However, unfortunately Tor Browser is currently not compatible with the survey platform (Qualtrics), and this may also be the case for other anonymous browsers. The electronic data will be stored securely at Curtin University for at least 7 years. However, again, the data you provide cannot be linked to you.

What are the benefits to me?

There is no financial reward for participating in this project. While there may be no direct benefit to you, your participation will contribute to a larger body of knowledge that will improve our collective understanding of small-scale cannabis cultivation. International collaboration will also allow us to compare growers across different countries. We will share our results with you via the project website.

What will happen with the results?

We will present the results at conferences and in academic papers. Quantitative data will only be presented in aggregate form. In the case of qualitative data, any unsolicited identifying information that you provide in text boxes, such as names of individuals, groups, places or events, will be removed from the data in order to maintain your anonymity.

While the results of our previous data collection have been used in the past to advocate for cannabis growers, it is possible the results could also be used in the future to inform the activity of commercial entities and government agencies to inform policy decisions on a range of issues including law enforcement. Of course, individual responses are kept anonymous and nothing is included in our scientific papers and reports which could identify individuals. Even beyond this, every effort is made to collect the data, report on and disseminate the findings of the research in a way which is respectful of the interests of cannabis growers. Yet, like any research, once the overall results of the study are publicly available they can be used by others to support a variety of positions, some of which may be in agreement with, and others may be contrary to, the views of the researchers or the research participants.

Further questions?

If you have any questions about the research, you can ask them here.

This project has been reviewed and approved by the Massey University Human Ethics Committee: Northern, Application NOR 20/06. If you have any concerns about the conduct of this research, please contact Dr Fiona Te Momo, Chair, Massey University Human Ethics Committee: Northern, telephone 09 414 0800 x 43347, email humanethicsnorth@massey.ac.nz.

By clicking 'Begin survey!', I confirm that: 1. I have read the above information and I understand its contents.

2. I have been given details to ask any questions I may have relating to this study.
3. I understand that I can print this information page to keep as my personal copy.
4. I voluntarily consent to take part in this research project.

5. I understand that I can exit the survey anytime by closing my browser.
6. I understand that no identifying information will be collected, including IP addresses.

If CountryURL = portugal

PICF. Portugal Informação e Consentimento Informado (Portugal). Bem-vindo/a ao Questionário Internacional sobre Cultivo de Cannabis (International Cannabis Cultivation Questionnaire, ICCQ 2.0) de 2020! Contexto

Este questionário foi lançado em 2012 (o ICCQ 1.0) porque achávamos que o público tinha uma visão irrealista sobre quem cultiva cannabis. Graças à colaboração de mais de 6500 produtores cultivadores de todo o mundo, o/as nosso/as investigadore/as publicaram mais de 18 artigos científicos que ajudaram a alterar os estereótipos sobre os produtores cultivadores de cannabis. Agora, em 2020, voltamos com um questionário melhorado (o ICCQ 2.0), que será disponibilizado em mais países e em mais línguas e que irá ser lançado em todo o mundo. Através da sua participação, estará a ajudar-nos a continuar a esclarecer o público. Sobre o questionário

O ICCQ pretende estudar os padrões de cultivo de cannabis de pequena escala (excluindo para obtenção de fibra de cânhamo, alimentação, uso industrial e sementes para pássaros). O questionário dura cerca de 25 minutos a preencher.

Quem está a realizar esta investigação?

O ICCQ foi desenvolvido por membros do Global Cannabis Cultivation Research Consortium (GCCRC), que inclui investigadores de várias partes do mundo, interessados em conhecer melhor o cultivo doméstico de cannabis. Para mais informação, pode visitar o nosso site (https://worldwideweed.nl/) O que acontece se decidir participar?

A participação é totalmente voluntária. Se clicar no botão “começar / iniciar”, assumimos que concorda em preencher o questionário. Para sair, basta fechar o browser. No entanto, os dados que já tenha fornecido não podem ser removidos do questionário, uma vez que isso é importante para garantir o anonimato. Pode também decidir não responder a questões concretas. Que riscos corro?

O seu envolvimento é completamente anónimo. Não serão recolhidos quaisquer endereços de IP ou qualquer informação sobre a sua identidade que possa ser ligada às suas respostas. No entanto, de modo a garantir mais privacidade, sugerimos que responda ao questionário num dispositivo seu e não num dispositivo público, no seu local de trabalho, escola ou universidade. Também sugerimos que não responda ao questionário usando uma conexão de internet do seu local de trabalho, escola ou universidade, de modo a evitar qualquer risco de terceiros monitorizarem a sua atividade no browser (ex. os sites visitados). Para maior privacidade (p. ex. para que o seu ISP não consiga aceder ao histórico do seu browser), poderá usar um VPN ou um anonimizador. No entanto, infelizmente, o browser Tor não é compatível com a plataforma do questionário (Qualtrics), o que pode acontecer também com outros browsers anónimos. Os dados eletrónicos serão depois arquivados de modo seguro na Universidade

de Curtin (Austrália) por 7 anos. No entanto, de novo, os dados que fornecer nunca serão associados a si. Que benefícios obtenho?

Não serão dadas recompensas financeiras pela participação neste projeto. No entanto, mesmo não obtendo qualquer benefício direto, a sua participação contribuirá para aumentar o conhecimento e melhorar a compreensão coletiva sobre o cultivo de cannabis de pequena escala. A colaboração internacional também nos ajudará a comparar o cultivo entre países. Finalmente, partilharemos os nossos resultados com todo/as através do website do projeto. O que acontece com os resultados?

Apresentaremos os resultados em conferências e artigos científicos. Os dados quantitativos apenas serão apresentados de modo agregado. Caso exista alguma informação sobre a sua identidade nas respostas mais abertas (p. ex. nomes de pessoas, grupos, acontecimentos), toda essa informação será removida de modo a assegurar o seu anonimato. No passado, os resultados foram usados para representar os cultivadores de cannabis. Mas, de futuro, podem também ser usados para ajudar a construir as atividades de entidades comerciais ou políticas públicas das agências governamentais. Mais uma vez: cada resposta individual é anónima e, nos nossos artigos e relatórios científicos, nada será incluído que possa levar à identificação dos participantes. Além do mais, estamos a realizar todos os esforços para recolher dados e disseminar resultados do modo que melhor consiga respeitar os interesses dos cultivadores de cannabis. No entanto, como em qualquer estudo, quando os resultados forem publicados poderão ser usados por terceiros para apoiar diferentes posições, sejam elas de partilha ou contrárias às perspectivas do/as investigadora/as ou do/as participantes no questionário. Outras dúvidas? Se tiver outras dúvidas sobre este estudo, contacte através do site do projeto ou envie para joliveira@direito.up.pt ou para rfaria@direito.up.pt Este estudo foi, no contexto português, aprovado pela Comissão de Ética da Faculdade de Direito da Universidade do Porto. Ao clicar aqui, confirmo que: 1. Li a informação anterior e compreendo o seu conteúdo.
2. Concordo, voluntariamente, em participar neste estudo.
3. Sei que posso abandonar o questionário a qualquer momento, bastando fechar o meu browser.
4. Sei que não será recolhida qualquer informação que me identifique, incluindo o meu endereço de IP.

Display This Question:

If CountryURL = switzerland

PICF. Switzerland Formulaire d'information et de consentement (Suisse). Bienvenue au Questionnaire International sur la Culture du Cannabis (ICCQ 2.0) 2020!

Contexte Nous avons lancé la première version de cette enquête en 2012 (l'ICCQ 1.0) ayant le sentiment que le grand public avait généralement une vision très irréaliste des personnes qui cultivent du cannabis. Grâce à la contribution de plus de 6500 cultivateurs à travers le monde, nos chercheurs ont pu publier plus de 18 articles scientifiques qui ont contribué à combattre les stéréotypes sur les cultivateurs de cannabis. Veuillez consulter notre site Web pour plus de

détails. Nous sommes de retour en 2020 avec une enquête améliorée (l'ICCQ 2.0), disponible dans plus de pays et de langues, et mieux adaptée à ce qui se passe actuellement dans le monde. Pour continuer à rétablir les faits, aidez-nous en participant à notre enquête. À propos de l'enquête

L'ICCQ est conçu pour étudier les modes de culture du cannabis à petite échelle (à l'exclusion du chanvre pour les fibres, les aliments, les applications industrielles et les semences d'oiseaux). Le questionnaire ne devrait pas prendre plus de 25 minutes environ.

Qui mène cette recherche? L'ICCQ a été développé par des membres du Global Cannabis Cultivation Research Consortium (GCCRC), qui est composé de chercheurs du monde entier intéressés à mieux comprendre la culture de cannabis domestique. Pour plus d'informations sur les activités du GCCRC, veuillez visiter notre site Web.

Que se passe-t-il si je décide de participer? Votre participation est entièrement volontaire. Si vous cliquez sur le bouton «Commencer l'enquête», nous supposerons que vous acceptez de démarrer l'enquête. Pour quitter l'enquête, fermez simplement votre navigateur, cependant, les données que vous avez déjà fournies ne peuvent pas être supprimées de l'enquête afin de maintenir votre anonymat. Vous pouvez également décider d'ignorer des questions spécifiques.

Quels sont les risques pour moi? Votre implication est totalement anonyme. Aucune information d'identification ou adresse IP ne sera collectée qui pourrait être utilisée pour vous lier aux données que vous soumettez. Cependant, pour plus d'intimité, nous vous encourageons à remplir le questionnaire en utilisant un appareil que vous possédez, et non un appareil appartenant à votre employeur, école ou université. Nous vous encourageons également à ne pas remplir le questionnaire sur un réseau Internet du travail, de l'école ou de l'université pour éviter le risque que quiconque suive l'activité de votre navigateur (c'est-à-dire qu'il voie les sites Web que vous visitez). Pour une confidentialité encore plus grande (par exemple pour que votre FAI ne puisse pas suivre l'historique de votre navigateur), vous pouvez envisager d'utiliser un anonymiseur ou un VPN. Cependant, Tor n’est malheureusement pas compatible avec la plateforme du sondage (Qualtrics). Cela pourrait également être le cas pour d'autres anonymiseurs. Les données électroniques seront stockées en toute sécurité à Curtin University (Australie) pendant au moins 7 ans. Cependant, encore une fois, les données que vous fournissez ne peuvent pas être liées à vous. Quels sont les avantages pour moi? Il n'y a aucune récompense financière pour avoir participé à ce projet. Bien qu'il n'y ait aucun avantage direct pour vous, votre participation contribuera à un plus grand ensemble de connaissances qui améliorera notre compréhension collective de la culture du cannabis à petite échelle. La collaboration internationale nous permettra également de comparer les producteurs de différents pays. Nous partagerons nos résultats avec vous via le site web du projet.

Que se passera-t-il avec les résultats?

Nous présenterons les résultats lors de conférences et dans des articles académiques. Les données quantitatives ne seront présentées que sous forme agrégée. Dans le cas de données qualitatives, toutes les informations d'identification non sollicitées que vous fournissez dans des zones de texte, telles que les noms de personnes, de groupes, de lieux ou d'événements, seront supprimées des données afin de maintenir votre anonymat. Bien que les résultats de notre précédente collecte de données aient été utilisés dans le passé pour défendre les producteurs de cannabis, il est possible qu'ils puissent également être utilisés à

l'avenir pour informer l'activité des entités commerciales et des agences gouvernementales afin d'éclairer les décisions politiques sur une gamme de questions, y compris l'application des lois. Bien entendu, les réponses individuelles sont gardées anonymes et rien dans nos articles et rapports scientifiques ne permet d'identifier des individus. Au-delà de cela, tous les efforts sont faits pour collecter les données, rendre compte et diffuser les résultats de la recherche d'une manière respectueuse des intérêts des cultivateurs de cannabis. Pourtant, comme toute recherche, une fois que les résultats globaux de l'étude sont rendus publics, ils peuvent être utilisés par d'autres pour soutenir une variété de positions, dont certaines peuvent être en accord avec, et d'autres peuvent être contraires aux opinions des chercheurs ou les participants à la recherche.

D'autres questions? Si vous avez des questions sur la recherche, vous pouvez les poser ici. Si vous souhaitez discuter de l'étude concernant la conduite de l'étude ou vos droits en tant que participant, vous pouvez contacter le responsable de l'étude pour la Suisse au 021 692 46 39 ou par courriel ashely.granville@unil.ch En cliquant sur «Commencer l'enquête!», Je confirme que: J'ai lu les informations ci-dessus et j'en comprends le contenu. On m'a donné des détails pour poser toute question que je pourrais avoir concernant cette étude.

Je comprends que je peux imprimer cette page d'information pour la conserver comme copie personnelle. Je consens volontairement à participer à ce projet de recherche. Je comprends que je peux quitter l'enquête à tout moment en fermant mon navigateur. Je comprends qu'aucune information d'identification ne sera collectée, y compris les adresses IP.

Information and Consent Form (UK)

Welcome to the International Cannabis Cultivation Questionnaire (ICCQ 2.0) 2020!

Background

We launched the first wave of this survey back in 2012 (the ICCQ 1.0) as we felt the general public typically had a very unrealistic view of people who grow cannabis. Thanks to the contribution of over 6500 growers around the world, our researchers were able to publish more than 18 scientific papers which have helped challenge stereotypes of cannabis growers. Please see our website for more details: www.worldwideweed.nl/. We're back in 2020 with an even better survey (the ICCQ 2.0), available in more countries and languages, and better tailored to what's happening around the world now. Please help us continue to set the record straight by taking part.

About the survey

The ICCQ is designed to study patterns of small-scale cannabis cultivation (excluding hemp for

fibre, food, industrial applications and bird seed). The questionnaire should take no more than about 25 minutes to complete.

Who is conducting this research?

The ICCQ was developed by members of the Global Cannabis Cultivation Research Consortium (GCCRC), which is comprised of researchers from around the world interested in better understanding domestic cannabis cultivation. For more information on the activities of the GCCRC, please visit our website: www.worldwideweed.nl/.

What happens if I decide to take part?

Your participation is completely voluntary. By clicking the "Begin survey" button, you agree to participate in the survey. To exit the survey, just close your browser, however, any data you have already provided cannot be removed from the survey in order to maintain your anonymity. You can also decide to skip specific questions.

It is not possible to withdraw your data from the study after you have completed some or all of the survey as we will not be able to identify your individual responses to remove them from the data set because you and all other respondents are completely anonymous throughout.

What are the risks to me?

Your involvement is completely anonymous. No identifying information or IP addresses will be collected that could be used to link you to the data you submit. However, for extra privacy, we encourage you to complete the questionnaire using a device you own, not one owned by your employer, school or university. We also encourage you not to complete the questionnaire on a workplace, school or university internet network to avoid the risk of anyone tracking your browser activity (i.e. seeing websites you visit). For even greater privacy (e.g. so your ISP cannot track your browser history), you may want to consider using a VPN or an anonymizer. However, unfortunately Tor Browser is currently not compatible with the survey platform (Qualtrics), and this may also be the case for other anonymous browsers. The electronic data will be stored securely at for at least 7 years. However, again, the data you provide cannot be linked to you.

What are the benefits to me?

There is no financial reward for participating in this project. While there may be no direct benefit to you, your participation will contribute to a larger body of knowledge that will improve our collective understanding of small-scale cannabis cultivation. International collaboration will also allow us to compare growers across different countries. We will share our results with you via the project website.

What will happen with the results?

We will present the results at conferences and in academic papers. Quantitative data will only be presented in aggregate form. In the case of qualitative data, any unsolicited identifying information that you provide in text boxes, such as names of individuals, groups, places or events, will be removed from the data in order to maintain your anonymity.

While the results of our previous data collection have been used in the past to advocate for cannabis growers, it is possible the results could also be used in the future to inform the activity of commercial entities and government agencies to inform policy decisions on a range of issues including law enforcement. Of course, individual responses are kept anonymous and nothing is included in our scientific papers and reports which could identify individuals. Even beyond this, every effort is made to collect the data, report on and disseminate the findings of the research in a way which is respectful of the interests of cannabis growers. Yet, like any research, once the overall results of the study are publicly available they can be used by others to support a variety of positions, some of which may be in agreement with, and others may be contrary to, the views of the researchers or the research participants.

Further questions?
If you have any questions about the research, you can ask them here: https://worldwideweed.nl/contact-us/. You can contact Dr Gary Potter, who is leading the UK arm of the project, by emailing g.potter2@lancaster.ac.uk. If you have any concerns or complaints that you wish to discuss with a person who is not directly involved in the research, you can also contact: Prof. Alisdair Gillespie, Head of Lancaster University Law School, at a.gillespie@lancaster.ac.uk or on +44 (0)1524 593706

Lancaster University's FASS-LUMS Research Ethics Committee has approved this study (Ref: FL19191).

For further information about how Lancaster University processes personal data for research purposes and your data rights please visit our webpage: www.lancaster.ac.uk/research/data-protection

By clicking 'Begin survey!', I confirm that: I have read the above information and I understand its contents. I have been given details to ask any questions I may have relating to this study. I understand that I can print this information page to keep as my personal copy. I voluntarily consent to take part in this research project. I understand that I can exit the survey anytime by closing my browser. I understand that no identifying information will be collected, including IP addresses.

Display This Question:

If CountryURL = uruguay

PICF. Uruguay **INFORMATION AND INFORMED CONSENT**
-URUGUAY- Welcome to the International Cannabis Cultivation Questionnaire (ICCQ 2.0) 2020!
Background.
We launched the first wave of this survey in 2012 (ICCQ 1.0) as we perceived that the public

had a very unrealistic view of people who grow cannabis. Thanks to the contribution of more than 6,500 growers around the world, our researchers were able to publish more than 18 scientific papers that have helped challenge the stereotypes of cannabis producers. Please see our website for more details (https://worldwideweed.nl/). We return in 2020 with an even better survey (ICCQ 2.0), available in more countries and languages, and better adapted to what is currently happening in the world. Please help us to continue improving the information available by participating.

About the survey.

The ICCQ is designed to study small-scale cannabis cultivation patterns (excluding hemp for fiber, food, industrial applications, and poultry seeds). Completing the questionnaire will take no more than 15 minutes. Your participation is voluntary. By clicking the "Start survey" button, we will assume that you agree to start the survey. To exit the survey, simply close your browser. You can also decide to skip specific questions.

Who are responsible for this investigation?

The ICCQ was developed by members of the Global Cannabis Cultivation Research Consortium (GCCRC), which is group of researchers from around the world interested in better understanding the home growing of cannabis. For more information on the activities of the GCCRC, visit our website (www.worldwidewide.nl). In Uruguay, the study is conducted by researchers from the Department of Social Sciences of the Universidad Católica del Uruguay. For specific inquiries you can write to us at autocultivadoresuy@gmail.com.

Is there any risk of participating?

Your participation is completely anonymous. No information that allows the identification of the participants or the IP addresses that can be used to link you to the data, will be collected. However, for privacy, we recommend that you complete the questionnaire using a personal device, not one owned by your employer, school, or university. You can also use a VPN or anonymizer. Unfortunately TOR is not supported by the survey platform (Qualtrics). Electronic data will be stored securely at Curtin University (Australia) for at least 7 years. However, once again, the data you provide won´t be linked to you.

What are the benefits of participating?

There is no financial reward for participating in this project. While there may not be a direct benefit to you, your participation will help generate knowledge that will enhance our collective understanding of small-scale cannabis cultivation. International collaboration will also allow us to compare producers from different countries. We will share our results with you through the project website.

What will happen to the results?

We will present the results in conferences and in academic papers. Quantitative data will only be presented in aggregate form.

Ethics Committee.

This research has the approval of the Ethics Committee of the Universidad Católica del Uruguay. For more information about the committee, go to https://ucu.edu.uy/es/node/45009.

By clicking "Start Survey" I confirm that: I have read the above information and understand its content. You have provided me with the necessary information to ask any questions you may have regarding this study. I understand that I may print this information page to keep as my personal copy. I give my voluntary consent to participate in this research project. I understand that I can exit the survey at any time by closing my browser. I understand that no identifying information will be collected, including IP addresses.

Display This Question:

If CountryURL = unitedstates

PICF. USA

International Cannabis Cultivation Questionnaire
Statement of Informed Consent

This study is about the experiences of those who grow cannabis. We are interested in understanding how cultivation methods differ across the country and in comparison to other countries. We are also interested in how cultivation experiences are shaped by individual characteristics (e.g., age, gender, education) and the specific legal landscape where cannabis is being grown. This research was developed by a team of international cannabis scholars with the United States component coordinated by Dr. Aili Malm, Dr. Josh Meisel, and Dr. Eric Sevigny.

Participant Role

If you agree to participate in this study, you will respond to a 15-30 minute online survey about your experience growing cannabis. Topics to be covered include your entry into growing cannabis, cultivation methods, contact with law enforcement and conflicts associated with growing, and yield and processing.

Risks and Benefits

Consider these risks: Assuming you are growing cannabis with over 0.3% THC, we are asking you to provide information about your experiences growing a substance that remains illegal according to the federal government. You will be asked specific questions about your experiences cultivating cannabis that may have been upsetting, and sharing those experiences may generate emotional discomfort. Consider these benefits: We anticipate that you will enjoy the opportunity to share your knowledge and expertise with us. You will also add considerable knowledge to the research literature on cannabis cultivation.

Voluntary Participation

Your participation in this study is entirely voluntary. You may decline to enter this study or you may withdraw from it at any time without jeopardy. The investigator may terminate your

participation in the study at any time.

Protecting Anonymity

We will NOT track your computer IP address or collect any personal identifiable information and therefore we will be unable to associate your identity with any of the information you provide in response to the survey. Given the ambiguous legality of cannabis in the United States, this anonymity affords you the greatest protection.

Concerns

If you have any questions about this study or the questions, you may contact Dr. Josh Meisel at meisel@humboldt.edu. If you have concerns about this study or questions about your rights as a participant, you may contact the Humboldt State University Institutional Review Board for the Protection of Human Subjects at irb@humboldt.edu or (707) 826-5165.

Click here to save a copy of this consent form.

End of Block: 3. Key demographics

Start of Block: 4. Recruitment Source

Recruitment source Recruitment source.

Before we look at cannabis growing, we would like to know how you found out about this study in order to assess which promotion strategies are most successful.

*We will **not** present our results for specific identified websites or communities, to reduce risk to those forums or communities who have supported us. However, we really appreciate the support of forums and other groups and will acknowledge their support in our publications and presentations where forum administrators agree to this.*

End of Block: 4. Recruitment Source

Start of Block: 5. Growing experience

Growing experience Growing experience.

The following questions are about your level of experience as a cannabis grower and whether others know about your growing. When asked to estimate times and numbers, please give your best estimate if you are unsure.

We would appreciate it if you answered each question honestly and accurately so we can get a fuller picture of cannabis cultivation in ${D/ChoiceGroup/SelectedChoices}. However, should you feel uncomfortable answering any question, please choose ‘Prefer not to say’ and move on to the next question.

We are aware that COVID-19 and associated restrictions to social movement in many countries may have had an impact on your cannabis growing. There will be a set of questions towards the end of the survey that asks more about this.

X→

Covid filter
We expect that most of our respondents were growing cannabis before COVID-19. However, some people may have started growing cannabis since COVID-19.

I only started growing cannabis since the COVID-19 situation.

End of Block: 5. Growing experience

Start of Block: 6. Growing method and scale

Growing methods Growing method and scale.

The following questions are about your growing method and the scale of your typical grow. When asked to estimate times and numbers, please give your best estimate if you are unsure.

Again, please remember this survey is completely anonymous and we do not collect IP addresses.

---

10 Do you typically grow indoors or outdoors?

- ○ Indoors
- ○ Outdoors (including greenhouses)
- ○ Indoors and outdoors
- ○ Seedlings grown indoors, then planted outdoors
- ○ Prefer not to say

---

11 What kind of medium are the plants' roots typically suspended in?
If you have used many different mediums, please choose the one you have used the most often.

- ○ Living organic soil
- ○ Water (e.g. hydroponic)
- ○ Air (e.g. nutrient mist)
- ○ Perlite
- ○ Other (please specify) _____
- ○ I don't know
- ○ Prefer not to say

---

12 What fertilisers, supplements (e.g. growth agents, bud stimulators) or insecticides do you typically use?

- ○ Organic fertilisers, supplements or insecticides
- ○ Chemical fertilisers, supplements or insecticides
- ○ Both organic and chemical fertilisers, supplements or insecticides
- ○ I do not use any fertilisers, supplements or insecticides
- ○ I don't know
- ○ Prefer not to say

13a The next question asks about how much space you typically use to cultivate cannabis. Please indicate whether you'd like to answer in metres or feet.

- ○ Metres
- ○ Feet
- ○ I don't know how much space I use
- ○ Prefer not to say how much space I use

Display This Question:

If 13a = Metres

Or 13a = Feet

13b Please estimate how much space you typically use to cultivate cannabis.

- ○ Length _____
- ○ Width _____
- ○ Height (if you grow indoors) _____

Display This Question:

If 6a != I have not yet harvested my first crop

15a The next question asks about how much yield (i.e. usable dried cannabis) you typically get per crop. Please indicate how you would like to answer.

- ○ Grams
- ○ Kilograms
- ○ Ounces
- ○ Pounds
- ○ I don't know how much yield I get
- ○ Prefer not to say how much yield I get

Display This Question:

If 15a = Grams

Or 15a = Kilograms

Or 15a = Ounces

Or 15a = Pounds

15b How much yield (i.e. usable dried cannabis) do you typically get per crop?

- ○ Per plant _____
- ○ Total yield _____

Page Break

16 Where is the most common place you obtain your seeds/cuttings?

- From previous crop/s
- From other growers that I know
- Ordered from the internet (a surface web store)
- Ordered from a darknet marketplace
- Seeds from cannabis I bought
- From other growers that I know online
- From a cannabis dealer/supplier
- From a growshop (physical store, not online)
- Other (please specify) _____
- I don’t know
- Prefer not to say

End of Block: 6. Growing method and scale

Start of Block: 7. Reasons for growing cannabis

Reasons for growing Reasons for growing cannabis.

The following question is about your reasons and motivations for growing cannabis. Please remember, this survey is completely anonymous and we do not collect IP addresses.

17 Why do/did you grow cannabis?
Check ALL that apply

- [ ] To get high - to provide myself with cannabis for recreational use
- [ ] To provide others with cannabis for recreational use
- [ ] Cheaper than buying cannabis
- [ ] So I can sell it (to pay for my own cannabis use)
- [ ] So I can sell it (to pay for other drug use)
- [ ] So I can sell it (to profit, beyond paying for my own drug use)
- [ ] I get pleasure from growing cannabis
- [ ] Because the plant is beautiful
- [ ] To see whether I could grow it
- [ ] The cannabis I can grow is healthier than the cannabis I can buy
- [ ] I can flush the cannabis I grow to remove chemical residue
- [ ] The cannabis I can grow is stronger than the cannabis I can buy
- [ ] The cannabis I can grow is a more consistent product than the cannabis I can buy
- [ ] The cannabis I can grow is milder than the cannabis I can buy
- [ ] The cannabis I grow will never contain adulterants
- [ ] To avoid contact with criminals
- [ ] Growing is not as risky as buying

- [ ] Because it is now legal / tolerated / decriminalized
- [ ] Because the plant is easy to take care of
- [ ] It is easier to grow than to buy
- [ ] For political reasons (e.g. anti-consumerism, "grow your own" policy)
- [ ] For ecological/environmental reasons (e.g. lower pollution, no packaging)
- [ ] For fair trade reasons (e.g. to avoid potential workers' exploitation)
- [ ] To provide ***myself*** with medical cannabis
- [ ] To provide ***others*** with medical cannabis
- [ ] Other (please specify)

_____

- [ ] ⊗ I don't know
- [ ] ⊗ Prefer not to say
- [ ] Because I had / have more time at home due to the COVID-19 situation
- [ ] Because cannabis is / was in short supply due to the COVID-19 situation
- [ ] Because cannabis is / was more expensive to buy due to the COVID-19 situation
- [ ] Because it is / was difficult to physically obtain cannabis due to the COVID-19 situation

End of Block: 7. Reasons for growing cannabis

Start of Block: 8. Personal use of cannabis and other drugs

Personal use Personal use of cannabis and other drugs.

The following questions are about your use of cannabis and other drugs. We don't assume people who grow cannabis use other drugs. However, understanding your personal use of cannabis and other drugs will help us to build a more diverse picture of cannabis growers and to dispel stereotypes in the community. Please remember, this survey is anonymous and we do not collect IP addresses.

29 In the past 12 months, have you sold:
Check ALL that apply

- Cannabis not grown yourself
- Other drugs
- None of the above
- I don't know
- Prefer not to say

End of Block: 9. Market participation

Start of Block: 10. Police contact and illegal activity

Police contact Police contact and illegal activity.

These questions are about police contact and your involvement in non-drug-related illegal activity. We don't assume people who grow cannabis engage in illegal activity. We believe that information about police contact and levels of illegal activity will help us challenge stereotypes of cannabis growers in the community.

Again, please remember, this survey is completely anonymous and no IP addresses are collected.

---

30 What do you estimate is the risk of you getting caught by police for growing cannabis?

- ○ Not applicable - I grow in a legal market
- ○ Very high
- ○ High
- ○ Moderate
- ○ Low
- ○ Very low
- ○ I don't know
- ○ Prefer not to say

- [ ] American Indian or Alaska Native
- [ ] Middle Eastern or North African (for example: Lebanese, Syrian, Iranian, Moroccan, Egyptian, Israeli)
- [ ] Native Hawaiian or other Pacific Islander
- [ ] Other (please specify)

_____

- [ ] ⊗ I don't know
- [ ] ⊗ Prefer not to say

36 What is the highest educational qualification you have completed?

- ○ No formal schooling

Display This Choice:
If D != Denmark

- ○ Primary / elementary school
- ○ Lower secondary / middle school
- ○ Higher secondary school or equivalent
- ○ Technical / trade / vocational certificate or diploma
- ○ University undergraduate degree
- ○ University postgraduate degree
- ○ I don't know
- ○ Prefer not to say

37 Are you currently in paid employment?
Choose the option which BEST applies to you

- ○ Yes (full-time)
- ○ Yes (part-time, ie < 35 hours/week)
- ○ Yes (but income supplemented by government due to COVID-19)
- ○ No (stood down temporarily without pay due to COVID-19)
- ○ No (lost job/dismissed due to COVID-19)
- ○ No (looking for work since before COVID-19)
- ○ No (but income supplemented by government due to COVID-19)
- ○ No (retired)
- ○ No (undertaking home duties)
- ○ No (a non-working student)
- ○ No (permanently ill or unable to work)
- ○ No (unemployed)
- ○ I don’t know
- ○ Prefer not to say

---

38 Are you currently studying?

- ○ Yes, full-time
- ○ Yes, part-time
- ○ No
- ○ Prefer not to say

---

39 Who else lives with you in the same household?
Check ALL that apply

- [ ] Spouse / partner / boyfriend or girlfriend
- [ ] Child/ren (aged under 18 years old)
- [ ] Child/ren (aged 18 years old or over)
- [ ] Parent/s
- [ ] Grandparent/s
- [ ] Sibling/s or other family member/s
- [ ] Friend/s
- [ ] Housemate/s
- [ ] ⊗ No-one, I live alone
- [ ] Other (please specify) _____
- [ ] ⊗ I don't know
- [ ] ⊗ Prefer not to say

---

40 Using ${e://Field/Code} ${e://Field/Symbol}, how much do you legally earn in a typical month OR year (before tax)?

- ○ Month ${e://Field/Symbol} _____
- ○ Year ${e://Field/Symbol} _____

- ○ Prefer not to say

End of Block: 11. Demographics

Start of Block: Module 1. Conflicts and victimisation

M1. Intro Conflicts and victimisation.

Cannabis cultivators are sometimes vulnerable to theft, intimidation, and violence as it is problematic to report incidents to the police and other authorities. The following questions ask about these incidents and how you responded to them.

Display This Question:

If D = Canada

Or D = Finland

Or D = Switzerland

X→

M1. Screening Are you willing to answer some extra questions on conflicts related to growing cannabis?

- ○ Yes
- ○ No

Skip To: End of Block If M1. Screening = No

X→

M1. 1 Have you ever experienced any of the following due to your cannabis cultivation activity? Check ALL that apply

- [ ] Theft of crops
- [ ] Theft of equipment
- [ ] Theft of money
- [ ] Destruction or sabotage of crops
- [ ] Destruction or sabotage of equipment
- [ ] Threats of violence or intimidation (to yourself or others)
- [ ] Actual physical violence (to yourself or others)
- [ ] Forced to stop growing
- [ ] Extortion or blackmail
- [ ] ⊗ None of the above
- [ ] ⊗ I don't know
- [ ] ⊗ Prefer not to say

Skip To: M1. 6 If M1. 1 = None of the above
Skip To: M1. 6 If M1. 1 = I don't know
Skip To: M1. 6 If M1. 1 = Prefer not to say

M1. 2 The LAST time this occurred, who committed these actions against you? Check ALL that apply

- [ ] A buyer of your cannabis
- [ ] A friend or family member
- [ ] A neighbor
- [ ] Another grower (I don't work with)
- [ ] A drug seller
- [ ] A person who grows cannabis with or for me
- [ ] A person for whom I grow cannabis
- [ ] A criminal group/gang
- [ ] A stranger or person you do not know
- [ ] Law enforcement/government authorities
- [ ] Someone else (please specify) _____
- [ ] ⊗ I don't know
- [ ] ⊗ Prefer not to say

M1. 3 What was the reason for the conflict the LAST time it occurred?
Check ALL that apply

- [ ] Disagreement about money
- [ ] Robbery of money/drugs or property
- [ ] Disagreement about the quantity of cannabis exchanged
- [ ] Disagreement about the quality of cannabis exchanged
- [ ] Disagreement about sharing/giving away cannabis
- [ ] Attempt to stop me growing cannabis
- [ ] Intimidation to make me grow for them
- [ ] Other (please specify) _____
- [ ] ⊗ I don't know
- [ ] ⊗ Prefer not to say

M1. 4 How did you personally respond to the LAST victimization?
Check ALL that apply

- [ ] ⊗ I did nothing
- [ ] Retaliated with violence
- [ ] Forcefully reclaimed stolen property
- [ ] Forcefully obtained money or goods for compensation
- [ ] Non-confrontationally retrieved stolen property or other goods
- [ ] Non-confrontationally deceived perpetrator of resources through other means
- [ ] Negotiated a resolution or compensation
- [ ] Avoided further personal and/or business interaction with the perpetrator
- [ ] Stopped growing cannabis
- [ ] Reported the victimization to the police
- [ ] Engaged others to retaliate on your behalf
- [ ] Other (please specify)

_____

- [ ] ⊗ I don't know
- [ ] ⊗ Prefer not to say

Display This Question:

If M1. 4 = Reported the victimization to the police

X→

M1. 5 What was the outcome of contacting the police about the last victimization?
Check ALL that apply

- [ ] ⊗ Nothing happened (never heard anything back)
- [ ] I was prosecuted for growing cannabis
- [ ] The police took my statement and made investigations
- [ ] The person(s) responsible were arrested
- [ ] The person(s) responsible were questioned but nothing more happened
- [ ] ⊗ I don’t know
- [ ] ⊗ Prefer not to say

M1. 6 Have you ever experienced any of the following social consequences due to your cannabis cultivation activity?
Check ALL that apply

- ☐ Ostracized by family or friends
- ☐ Children removed from home by social service agency
- ☐ Evicted from housing or residence
- ☐ Loss of job or employment
- ☐ Banned from social/cultural gatherings, events, clubs or organisations
- ☐ Loss of benefits or rights (e.g., health insurance, suspension of license)
- ☐ Other (please specify) _____

Or M7. 1 = Yes – fruit/vegetables

Or M7. 1 = Yes – other drug plants/mushrooms (e.g. opium poppy, tobacco, hallucinogenic cactus, etc.)

Or M7. 1 = Yes – other (please specify)

X→

M7. 2 Was cannabis the first plant you have ever grown?

- ○ No, I was growing other plants before I started growing cannabis
- ○ Yes, I was growing cannabis before I started growing other plants
- ○ Yes, I start growing cannabis and other plants at the same time
- ○ I don’t know
- ○ Prefer not to say

End of Block: Module 7. Horticulture

Start of Block: Module 9. Distribution

M9. Intro
Distribution.

The following questions are about how you might distribute (share or sell) cannabis to others. Again, we don’t assume people who grow cannabis will sell it or sell other drugs. However, understanding how you might participate in distribution will help us to build a better picture of cannabis growers and to dispel stereotypes in the community.

Display This Question:
If D = Canada
Or D = Finland

_____

_____

_____

_____

_____

End of Block: Module 2. Growing methods

Start of Block: Module 3. Growing for medical purposes

M3. Intro Growing for medical purposes.

Interest in medical cannabis has increased strongly since the early 1990s. However, use of cannabis for therapeutic purposes is a hotly debated topic and more evidence is needed to better establish cannabis as a legitimate treatment. In the following questions, we want to investigate medical cannabis use from the perspective of those who grow cannabis to supply themselves or others with medicinal cannabis.

Display This Question:

If D = Canada

Or D = United Kingdom of Great Britain and Northern Ireland

M3. screening Are you willing to answer some extra questions on **growing cannabis for medical purposes**?

- Yes
- No

- [ ] Donated money to pro-legalization groups
- [ ] Contacted the media
- [ ] Other (please specify) _____
- [ ] ⊗ None
- [ ] ⊗ Prefer not to say

End of Block: Module 4. Cannabis social clubs and cannabis activism

Start of Block: Module 5. Alternate policies on cannabis growing

M5. Intro
Alternative policies on cannabis growing.

There is currently a global debate about cannabis policy. Under current regulatory systems in Canada, Uruguay, Spain, and in the United States of America (in multiple states) some

cultivation of cannabis is legal. Regulation varies from state to state. Points of difference include who can grow and what for, how much they can grow, and whether there's a licencing scheme involved.

We would like your input on alternative cannabis growing policies if prohibition were to be repealed in your home state or country, or the regulations were to be changed if you live in a place where it is already legal to grow cannabis.

- ○ Prefer not to say

Display This Question:

If D = Germany

Or D = Austria

And If

M10. 6 Germany only = Yes, but not in the last 12 months

Or M10. 6 Germany only = Yes, in the last 12 months

M10. 7a Germany only Do you know the (approximate) CBD and THC percentages of your most recently cultivated CBD-rich strain?

- Yes
- No
- Prefer not to say

Display This Question:

If M10. 7a Germany only = Yes

M10. 7b Germany only What are the approximate CBD and THC percentages of your most recently cultivated CBD-rich strain?

- CBD % _____
- THC % _____

End of Block: Module 10. Strains

Start of Block: Module 6. Cannabis cultivation in legal markets

M6. Intro Cannabis cultivation in legal markets.

The following questions ask about your experiences growing in countries and markets where cannabis is legal for medical or non-medical use.

M6. 1 As a grower, are you legally permitted to cultivate cannabis?

- ○ Yes
- ○ No
- ○ I don't know
- ○ Prefer not to say

Skip To: M6. 9 If M6. 1 = No
Skip To: End of Block If M6. 1 = I don't know
Skip To: End of Block If M6. 1 = Prefer not to say

M6. Intro 2
Cannabis cultivation in legal markets.

M6. 2 For which market(s) are you legally permitted to grow cannabis?
Check ALL that apply

- ☐ Non-medical adult use market
- ☐ Comprehensive medical market (permits a variety of strains or products, not just low THC/high CBD products)
- ☐ Limited medical market (permits only low THC/high CBD products)
- ☐ ⊗ I don't know
- ☐ ⊗ Prefer not to say

M6. 3 Under what cultivation model do you legally grow cannabis?
Check ALL that apply

- [ ] Authorization for own personal use
- [ ] Authorization for other individual/s in a caregiver role
- [ ] Collective or social club for member-only access
- [ ] Independent or contracted cultivator for commercial distribution
- [ ] Large-scale facility or farm for commercial distribution
- [ ] Other cultivation model (please specify)

_____

- [ ] ⊗ I don't know
- [ ] ⊗ Prefer not to say

M6. 4 Is your growing operation officially licensed or permitted by a government regulatory authority?

- ○ Yes
- ○ No
- ○ I don't know
- ○ Prefer not to say

M6. 5 What rules or regulations are you subject to as a legal cannabis cultivator? Check ALL that apply

- [ ] Plant, canopy, or production limits
- [ ] Physical security requirements (e.g., fencing, video surveillance)
- [ ] Product tracking protocols (e.g., seed-to-sale)
- [ ] Packaging and labeling requirements
- [ ] Product testing (e.g., potency, mold)
- [ ] Zoning (e.g., proximity to schools)
- [ ] Pesticide use
- [ ] Waste management

Display This Choice:

If D = United States of America

Or D = Canada

- [ ] Labor Conditions (e.g., wage rules, occupational health and safety)
- [ ] Other rules or regulations (please specify)

_____

- [ ] ⊗ I don't know
- [ ] ⊗ Prefer not to say

M6. 6 To the best of your knowledge, what percentage of your annual legal cannabis production ultimately gets diverted to the black market or another legal market you are not permitted to grow for?

- ○ None (0%)
- ○ Up to a tenth (1-10%)
- ○ Between a tenth and a quarter (11-25%)
- ○ Between a quarter and a half (26-50%)
- ○ More than half (>50%)
- ○ I don't know
- ○ Prefer not to say

M6. 7 (covid) *We are interested in understanding how your experience cultivating cannabis may have changed under the public health restrictions and economic fallout associated with the* ***global COVID-19 pandemic.***

For each of the following items, please indicate the extent to which you have observed a change since COVID-19 shelter-in-place:

	Decreased	Did not change	Increased	Not applicable	I don't know	Prefer not to say
My average monthly income from cultivation	○	○	○	○	○	○
The average number of hours I worked for pay per week	○	○	○	○	○	○
The overall availability of cannabis in dispensaries in my area	○	○	○	○	○	○
The unit price of cannabis in my area	○	○	○	○	○	○
The overall square footage of my cannabis crop	○	○	○	○	○	○
The square footage of my indoor growing operation	○	○	○	○	○	○
The square footage of my outdoor growing operation	○	○	○	○	○	○
My ability to access cultivation equipment and other materials I need for my growing operation	○	○	○	○	○	○

The average number of paid employees (including myself) working at my growing operation	○	○	○	○	○	○
My ability to hire and retain employees	○	○	○	○	○	○
The restrictiveness of cannabis cultivation regulations in my area	○	○	○	○	○	○
The demand from existing customers for my cannabis crop	○	○	○	○	○	○
The number of new customers	○	○	○	○	○	○
The unit price buyers pay for my cannabis crop	○	○	○	○	○	○

M6. 8 (covid) Are there any other changes you have observed relating to your experience growing cannabis since COVID-19 shelter-in-place?

_____

_____

_____

_____

Display This Question:

If M6. 1 = No

M6. 9 What is the main reason you are not legally permitted to cultivate cannabis?

- I applied for a license or permit, but my application was rejected
- I applied for a license or permit but have not yet received authorization
- I have not applied for a license or permit, but am preparing an application for one
- I have not applied for a license or permit because I cannot meet the licensing criteria
- I have not applied for a license or permit because I do not trust the government
- I have not applied for a license or permit because the process is too costly or lengthy
- I have not applied for a license or permit because I can still produce cannabis without one
- I have not applied for a license or permit for some other reason (please specify) _____
- I don't know
- Prefer not to say

End of Block: Module 6. Cannabis cultivation in legal markets

Start of Block: Module 11. Uruguayan Module

M11. Intro Uruguayan Module.

This is a specific module for Uruguayan home growers. The questions refer to the opinions and evaluations of the home growers regarding the cannabis regulation policy. It is not necessary to be registered to answer the following questions. Please remember, this survey is completely anonymous, and we do not collect IP addresses.

M11. 1 Since 2013, the marijuana market in Uruguay has been regulated by the State. To what extent do you agree or not with this measure?

- Strongly agree
- Somewhat agree
- Neither agree nor disagree
- Somewhat disagree
- Strongly disagree
- Don’t know
- Prefer not to say

M11. 2 In general, to what extent do you adhere or not to Uruguayan rules for home growers?

- A lot
- Somewhat
- A little
- Not at all
- Don´t know
- Prefer not to say

M11. 3 Uruguayan regulation has some specific characteristics. To what extent do you agree or not with each of the following…?

	Strongly agree	Somewhat agree	Neither agree not disagree	Somewhat disagree	Strongly disagree	Don't know	Prefer not to say
Legal access only to ADULTS	○	○	○	○	○	○	○
Legal access only to URUGUAYAN CITIZENS	○	○	○	○	○	○	○
Having to choose only ONE legal mechanism of access	○	○	○	○	○	○	○
The existence of a REGISTRATION system	○	○	○	○	○	○	○
The existence of a maximum of 6 PLANTS for home growers	○	○	○	○	○	○	○
The existence of the IRCCA to control and enforce the law.	○	○	○	○	○	○	○

M11. 4 Have you registered as a home grower in the IRCCA?

- ○ Yes
- ○ No
- ○ Prefer not to say

Skip To: M11. 14 If M11. 4 = No

Skip To: M11. 16 If M11. 4 = Prefer not to say

M11. 5 Why did you register?

Check ALL that apply

- ☐ I agree with the regulation/policy
- ☐ I want to be legal and protect my crops
- ☐ I trust in the way the government will store my personal information
- ☐ I was asked by the people I live with
- ☐ Other reason (please specify) _____
- ☐ ⊗ Don´t know
- ☐ ⊗ Prefer not to say

M11. 6 Have the IRCCA ever visited your home?

- ○ Yes
- ○ No
- ○ Prefer not to say

Display This Question:

If M11. 6 = Yes

M11. 7 How do you evaluate the IRCCA visit(s)?

- Very good
- Good
- Nor good or bad
- Bad
- Very bad
- Don´t know
- Prefer not to say

M11. 8 Have you registered your seeds in the Seeds National Institute?

- Yes
- No
- Don't know
- Prefer not to say

M11. 9 Have you renewed your license?

- ○ Yes
- ○ No
- ○ My license did not expire yet
- ○ Don´t know
- ○ Prefer not to say

M11. 10 How do you evaluate the registration process at the Postal Office?

- ○ Very good
- ○ Good
- ○ Nor good or bad
- ○ Bad
- ○ Very bad
- ○ Don´t know
- ○ Prefer not to say

M11. 11 In which Postal Office did you register?

- ○ In my local Postal Office (in my neighborhood or town)
- ○ In a Postal Office located in another neighborhood or town in the department where I live
- ○ In a Postal Office located in another department
- ○ Don´t know
- ○ Prefer not to say

X→

M11. 12 In general, how do you evaluate your experience as a registered home grower?

- ○ Very good
- ○ Good
- ○ Nor good or bad
- ○ Bad
- ○ Very bad
- ○ Don´t know
- ○ Prefer not to say

X→

M11. 13 In a year from now, do you think you will continue to grow cannabis legally?

- Definitely yes
- Probably yes
- Probably no
- Definitely no
- Don´t know
- Prefer not to say

Display This Question:

If M11. 4 = No

M11. 14 Why didn’t you register?
Check ALL that apply

- ☐ Afraid the personal information could go public / No trust in the registration process
- ☐ Disagree with the registration / Using marijuana is a private activity
- ☐ It has no benefits / I will remain the same as now
- ☐ I don’t want to limit my mechanisms of access
- ☐ Practical issues (far away from postal office, no time to go to the postal office, etc.)
- ☐ I don't grow anymore
- ☐ I'm registered to access cannabis through other mechanisms (pharmacies or cannabis clubs)
- ☐ Other reason (please specify)

_____

- ☐ ⊗ Don´t know
- ☐ ⊗ Prefer not to say

Display This Question:

If M11. 4 = No

M11. 15 Are you planning to register in the future?

- ○ Definitely yes
- ○ Probably yes
- ○ Probably no
- ○ Definitely no
- ○ Don´t know
- ○ Prefer not to say

M11. 16 If necessary, which information were you willing to provide to IRCCA to get a home growing license?
Check ALL that apply

- [ ] Photo identification
- [ ] Contact details (address, email, cellphone number, etc.)
- [ ] Information about your cultivation plan (number of plants, space, etc.)
- [ ] Biometric information
- [ ] Medical records
- [ ] Metal illness records
- [ ] Criminal records
- [ ] Employment records
- [ ] Financial records
- [ ] Other (please specify)

_____

- [ ] ⊗ None of the above
- [ ] ⊗ Don´t know
- [ ] ⊗ Prefer not to say

End of Block: Module 11. Uruguayan Module

Start of Block: Module 3b. Growing for medical purposes (Switzerland)

M3b. Intro Growing for medical purposes (Switzerland).

The interest in medical cannabis has increased strongly since the early 1990s. However, use of

cannabis for therapeutic purposes is a hotly debated topic and more evidence is needed to better establish cannabis as a legitimate treatment. In the following questions, we want to investigate cannabis and cannabis-based medical treatments uses from the perspective of those who grow cannabis to supply themselves with medicinal cannabis.

M3b. 1 In thinking about the cannabis (more than 1% THC) that you have grown for medical purposes, for which medical conditions do you use cannabis AND which of these conditions

were diagnosed by a medical doctor?
Check ALL that apply

	Condition/s use for	Diagnosed by a medical doctor
Depression	☐	☐
Anxiety	☐	☐
Mood disorders (other than depression or anxiety)	☐	☐
Chronic pain (e.g. fibromyalgia, back pain etc.)	☐	☐
Migraines and headaches	☐	☐
Attention disorders (ADHD, ADD)	☐	☐
Bowel problems (e.g. Crohn's disease, colitis, Irritable Bowel Syndrome	☐	☐
Arthritis (Inflammation of the joints)	☐	☐

I don’t know	☐	☐
Prefer not to say	☐	☐

Display This Question:

If M3b. 1 = Depression [Diagnosed by a medical doctor]

Or M3b. 1 = Anxiety [Diagnosed by a medical doctor]

Or M3b. 1 = Mood disorders (other than depression or anxiety) [Diagnosed by a medical doctor]

Or M3b. 1 = Chronic pain (e.g. fibromyalgia, back pain etc.) [Diagnosed by a medical doctor]

Or M3b. 1 = Migraines and headaches [Diagnosed by a medical doctor]

Or M3b. 1 = Attention disorders (ADHD, ADD) [Diagnosed by a medical doctor]

Or M3b. 1 = Bowel problems (e.g. Crohn's disease, colitis, Irritable Bowel Syndrome [Diagnosed by a medical doctor]

Or M3b. 1 = Arthritis (Inflammation of the joints) [Diagnosed by a medical doctor]

Or M3b. 1 = Post Traumatic Stress Disorder (PTSD) [Diagnosed by a medical doctor]

Or M3b. 1 = Asthma [Diagnosed by a medical doctor]

Or M3b. 1 = Dependency and/or withdrawal from alcohol [Diagnosed by a medical doctor]

Or M3b. 1 = Dependency and/or withdrawal from other drugs [Diagnosed by a medical doctor]

Or M3b. 1 = Autism and Asperger's syndrome [Diagnosed by a medical doctor]

Or M3b. 1 = Hypertension (Increased blood pressure) [Diagnosed by a medical doctor]

Or M3b. 1 = Anorexia [Diagnosed by a medical doctor]

Or M3b. 1 = Cancer (cure for) [Diagnosed by a medical doctor]

Or M3b. 1 = Schizophrenia [Diagnosed by a medical doctor]

Or M3b. 1 = Eye disease (e.g. glaucoma) [Diagnosed by a medical doctor]

Or M3b. 1 = Hepatitis [Diagnosed by a medical doctor]

Or M3b. 1 = Side effects of treatment of other illnesses (e.g. nausea after chemotherapy or radiography) [Diagnosed by a medical doctor]

Or M3b. 1 = Multiple Sclerosis (MS) [Diagnosed by a medical doctor]

Or M3b. 1 = Tourette Syndrome [Diagnosed by a medical doctor]

Or M3b. 1 = HIV/AIDS [Diagnosed by a medical doctor]

Or M3b. 1 = Parkinson's Disease [Diagnosed by a medical doctor]

Or M3b. 1 = Insomnia (sleep problems) [Diagnosed by a medical doctor]

Or M3b. 1 = Epilepsy [Diagnosed by a medical doctor]

Or M3b. 1 = Skin problems [Diagnosed by a medical doctor]

Or M3b. 1 = Other 1 (please specify) [Diagnosed by a medical doctor]

Or M3b. 1 = Other 2 (please specify) [Diagnosed by a medical doctor]

Or M3b. 1 = Other 3 (please specify) [Diagnosed by a medical doctor]

M3b. 2 Has the use of a cannabis-based medical treatment been discussed with your doctor for any of your conditions?

- ○ Yes, the doctor has recommended the use of cannabis-based medical treatment.
- ○ Yes, but the doctor has not recommended the use of cannabis-based medical treatment.
- ○ No, the use of cannabis-based medical treatment has not been discussed with you doctor.
- ○ Prefer not to say

Display This Question:

If M3b. 2 = Yes, the doctor has recommended the use of cannabis-based medical treatment.

X→

M3b. 3 Has the use of a cannabis-based medical treatment been prescribed by your doctor for any of your conditions?

- ○ Yes, the doctor has prescribed the use of cannabis-based medical treatment.
- ○ No, the doctor has not prescribed the use of cannabis-based medical treatment.
- ○ Prefer not to say

Display This Question:

If M3b. 3 = Yes, the doctor has prescribed the use of cannabis-based medical treatment.

X→

M3b. 4a Has the prescription of a cannabis-based medical treatment required a request for an exceptional authorization from the Federal Office of Public Health?
Check ALL that apply

☐ No, an authorization from the Federal Office of Public Health was not required for the prescription.

☐ Yes, as I do not meet the requirements for a prescription of cannabis-based medical treatment, an authorization from the Federal Office of Public Health was requested.

☐ Yes, as a prescription for the needed cannabis-based medical treatment requires an authorization from the Federal Office of Public Health.

☐ Other (please specify)
_____

☐ ⊗ Prefer not to say

Display This Question:

If M3b. 2 = Yes, but the doctor has not recommended the use of cannabis-based medical treatment.

Or M3b. 3 = No, the doctor has not prescribed the use of cannabis-based medical treatment.

X→

M3b. 4b For what reasons has the use of a cannabis-based medical treatment not been prescribed by your doctor?
Check ALL that apply

- [ ] I do not meet the requirements for a prescription.
- [ ] I do not meet the requirements for an exceptional authorization from the Federal Office of Public Health.
- [ ] The request for an exceptional authorization from the Federal Office of Public Health has been declined.
- [ ] Other (please specify)

_____

- [ ] ⊗ Prefer not to say

Display This Question:

If M3b. 3 = Yes, the doctor has prescribed the use of cannabis-based medical treatment.

M3b. 5
For which type of cannabis-based treatment did you have a prescription for?
Check ALL that apply

- [ ] Synthetic cannabinoids (Dronabinol, Nabilone, Rimonabant, etc.)
- [ ] Cannabis-derived cannabinoids (Nabiximol or Sativex, Epidiolex)
- [ ] Other cannabis-derived products (Cannabis oil, tincture, etc.)
- [ ] Other (please specify)

_____

- [ ] ⊗ Prefer not to say

M3b. 6 Has the use of cannabis (more than 1% THC) been recommended by your doctor as an alternative treatment for any of your conditions?
Check ALL that apply

- [ ] Yes, the use of cannabis has been recommended by your doctor as an alternative treatment.
- [ ] No, the doctor has refused to suggest cannabis as an alternative treatment.
- [ ] No, on the contrary, the doctor has advised me to avoid using cannabis as an alternative treatment.
- [ ] No, but the doctor has recommended the use of CBD cannabis (1% THC and less) as an alternative treatment.
- [ ] Other (please specify) _____
- [ ] ⊗ Prefer not to say

M3b. 7 During the past 12 months, what products have you used for the treatment of your symptoms/conditions?
Check ALL that apply

- [ ] Cannabis-based medical treatment
- [ ] Cannabis (more than 1% THC)
- [ ] CBD cannabis (1% THC and less)
- [ ] Analgesics reducing pain (painkillers, opioids)
- [ ] Anti-inflammatory drugs
- [ ] Muscle relaxants
- [ ] Antidepressants
- [ ] Benzodiazepines
- [ ] Antipsychotics
- [ ] Stimulants
- [ ] Other (please specify) _____
- [ ] ⊗ Prefer not to say

M3b. 8 How effective do you think these products are in treating your medical symptoms/conditions?

	Very ineffective	Ineffective	Neither ineffective nor effective	Effective	Very effective	I don't know	Prefer not to say
Cannabis-based medical treatment	○	○	○	○	○	○	○
Cannabis (more than 1% THC)	○	○	○	○	○	○	○
CBD Cannabis (1% THC and less)	○	○	○	○	○	○	○
Non cannabis-based medications	○	○	○	○	○	○	○

M3b. 9 Compared to other non-cannabis based medications, the undesirable side effects of cannabis are:

- ○ Much stronger
- ○ Stronger
- ○ No difference
- ○ Weaker
- ○ Much weaker
- ○ I don't know
- ○ Prefer not to say

M3b. 10 How costly do you think cannabis is compared to these products for treating your symptoms/conditions?

	Much more costly	More costly	No difference	Less costly	Much less costly	I don't know	Prefer not to say
Cannabis-based medical treatment	○	○	○	○	○	○	○
CBD cannabis (1% THC and less)	○	○	○	○	○	○	○
Non cannabis-based medications	○	○	○	○	○	○	○

M3b. 11 How accessible do you think cannabis (more than 1% THC) is compared to cannabis-based medical treatments?

- ○ Much more accessible
- ○ Slightly more accessible
- ○ No difference
- ○ Slightly less accessible
- ○ Much less accessible
- ○ I don't know
- ○ Prefer not to say

M3b. 12 If you wish to further continue your participation in this topic on growing for medical purposes in Switzerland, you can contact the email address below:
ashely.granville@unil.ch

End of Block: Module 3b. Growing for medical purposes (Switzerland)

Start of Block: Module 12. COVID-19

M Covid. Intro

Impacts of COVID-19 on cannabis cultivation.
The following questions ask about some potential impacts the new coronavirus (COVID-19) may have had on you, your cannabis growing and related activities.

We know that for some of you COVID restrictions may still be in place, and for others they may have passed. For that reason, many of these questions ask how something is/was affected by the COVID situation. Please answer for whichever best applies to you.

M Covid. 1 Which of these actions have you taken or did you take in response to COVID-19? Check ALL that apply

- [ ] Avoided public transport
- [ ] Maintained a recommended physical distance (e.g. 1.5 metres/5 feet) from people outside my home
- [ ] Avoided public spaces and events
- [ ] Avoided personal gatherings (e.g. with friends or family)
- [ ] Worked from home
- [ ] Kept children home from school or childcare
- [ ] Self-isolated (stayed at home)
- [ ] Have downloaded a government contact tracing app on my phone
- [ ] ⊗ None of the above
- [ ] ⊗ Don't know
- [ ] ⊗ Prefer not to say

M Covid. 2 How is/was your personal income (from all sources) affected by the COVID-19 situation?

- ○ Increased
- ○ No impact
- ○ Decreased
- ○ Don't know
- ○ Prefer not to say

M Covid. 3 Please indicate how your cannabis use and cultivation is/was affected by the COVID-19 situation:

	Increased	Stayed the same	Decreased	Stopped altogether	Not applicable	Don't know	Prefer not to say
The amount of cannabis I am/was using	○	○	○	○	○	○	○
The amount I am/was growing	○	○	○	○	○	○	○
Time spent tending to plants	○	○	○	○	○	○	○

M Covid. 4 Please indicate if the following is/was easier or harder for you during the COVID-19 situation:

Display This Choice:

If 8a = I grow/grew with others

Or 8a = I grow/grew alone and with others (i.e. > 1 crop at the same time)

	Easier	No impact	Harder	I have not/did not try this during the COVID situation	Not applicable	Don't know	Prefer not to say
Cannabis seeds	○	○	○	○	○	○	○
Cuttings to grow cannabis	○	○	○	○	○	○	○
Nutrients / fertilizers / chemicals	○	○	○	○	○	○	○
Lights and other growing equipment	○	○	○	○	○	○	○
Access my plants to tend to them	○	○	○	○	○	○	○
Harvest my plants	○	○	○	○	○	○	○
Dry/process my crop	○	○	○	○	○	○	○

Display This Choice:

If 8a = I grow/grew with others

Or 8a = I grow/grew alone and with others (i.e. > 1 crop at the same time)

Meet up in-person with people who I grow cannabis with	○	○	○	○	○	○	○
Obtain cannabis through my personal social network	○	○	○	○	○	○	○
Obtain cannabis from my usual dealer / supplier	○	○	○	○	○	○	○

M Covid. 5 Please indicate how your activities related to obtaining and supplying cannabis are/were affected by the COVID-19 situation:

Display This Choice:

If 26a [Sell to cover costs of growing] > 0

Or 26a [Sell for profit] > 0
